Party Goal: “...prevent the future operation of the Negro vote as a balance of power in municipal elections.”
A Study of Negro Life in Tampa (1927)

“Except for the area in Ybor City where the Cubans, irrespective of color, live intermixed, there is a general separation of the white and negro races.

“The problem of health is inevitably a part of housing, sanitation, recreation, hospitalization, employment, wages and hours.”

“For a colored population of 23,000, Tampa provides a Branch Library and a salaried playground supervisor. The City of Tampa provides no public park for Negroes: it provides no playgrounds, except unequipped school grounds: it provides no public pool or beach. The private recreation and amusements are of such a nature that the Negro public received no benefit therefrom. The Commercial recreation and amusement is of such a nature and so poorly supervised, that is perchance is more harmful than beneficial.”
Public and Private Housing

• Deed restrictions
• Public housing projects
• Homeowners Loan Corporation (1933)

Major Street Plan
City of Tampa, Florida
Including Rules and Regulations for Subdivisions and Interim Zoning Ordinance

Tampa Major Street Plan (1941)

- Demographics: 29% Latin descent; 21% Black
- "Within the past two years since the completion of Boulevard Homes – the colored housing project – on Spruce Street in the former West Tampa section – many of the colored population have been migrating thereto. These several colored areas act as directives in considering the growth and development of the city."
- First proposed routing of Interstate 275 beside Central Avenue, which states that such a project, "...would do much towards clearing up a blighted slum north of Cass Street on both sides of Central Ave."
Tampa Zoning Plan (1942)

- What is zoning?

- on slums: “There are several other, but smaller areas, occupied now by colored people that should be eliminated and moved to other areas.”

- “With the establishment of North Boulevard Homes in West Tampa, a new locality was opened for the colored population. That development should be expanded either by public or private enterprise. Those colored residents now in Hyde Park area should be shifted to the West Tampa site. The whole “Scrub” area should be rehabilitated by the construction of a new housing development there – either publicly or privately financed. Other small areas occupied by colored people should be eliminated and those residents be transferred to other areas.”
Tampa Comprehensive Plan (1945)

- Parks and Recreation – reflects segregation
- On the Scrub, “...an economic barrier to the most healthful, wholesome development of the city...the “Scrub” is a cancerous infection ripe for a major operation to transform it into something economically sounds and worthwhile from a civic standpoint.”
- “As a source of crimes, immorality, delinquency and other evil influences the “Scrub” is an unnecessary and excess burden of expense to the taxpayers.”
“Altho some constructive thought has been given to park and recreation facilities for negroes nothing constructive has yet been accomplished.”

“All the non-white dwelling units of the city are located south of the Atlantic Coast Line track east and west of Collins Street. The greatest concentration of negroes is east of Collins Street. In these areas dilapidation and substandard housing prevails.”
Urban Renewal

- 1949 Federal Housing Act funded “slum” clearance throughout country
  - Federal loans used to purchase, condemn, and clear “blighted” areas – land was sold to developers to pay off the loan.
  - Expectation of public subsidized housing
- Four Urban Renewal projects in Hillsborough County:
  - The Scrub/Maryland Avenue (Tampa)
  - Riverfront (Tampa)
  - Ybor City (Tampa)
  - Plant City
The Scrub/Maryland Avenue (1962)

- 60 acres with 376 families
- NAACP and Robert Saunders statement,

“it is clear that the development of a program of improvement for this City has not been done for minority groups and not with Negroes. It is clear that if this program continues as it is now progressing, Negroes in Tampa will be relegated to a continuous pattern of racially segregated housing for the next fifty to one hundred years.”
