Hybrid Virtual & In-Person Meeting of the Citizens Advisory Committee

Wednesday, April 7, 2021 at 9:00 AM

The County Center and Plan Hillsborough offices continue to be closed to the public in response to the pandemic. A minimum number of board members will meet in person at the County Center on the 18th Floor, and all other participation will continue to be virtual. For technical support during the meeting, please contact Michael Rempfer at 813-273-3774.

To view presentations and participate your computer, tablet or smartphone:
https://attendee.gotowebinar.com/register/6169485501424338446

Register in advance to receive your personalized link, which can be saved to your calendar.

Dial in LISTEN-ONLY MODE: (415) 655-0060 Access Code: 394-748-757

Agenda packet, presentations, and supplemental materials posted here.

Please mute yourself after joining the conference call to minimize background noise.

I. Call to Order & Introductions 9:00

II. Chairman’s Request: Per the MPO Bylaws, all speakers are asked to address only the presiding Chair for recognition; confine their remarks to the question under debate; and avoid personalities or indecorous language or behavior. 9:05

III. Public Comment - 3 minutes per speaker, please

IV. Members’ Interests 9:15

V. Approval of Minutes – March 3, 2021 9:30

VI. Action Items 9:35

A. Nominate Alternate for Under 30 Representative on CAC (Rich Clarendon, MPO Asst Dir.)

B. TIP Amendment for I-4 FRAME Project (Megan Arasteh, FDOT and Vishaka Shiva Ramen, MPO Staff) 9:45

VII. Status Reports 10:15

A. Nondiscrimination Plan Update (Joshua Barber, MPO Staff)

VIII. Unfinished Business & New Business 11:00

A. Ad Hoc Subcommittee on Transportation Improvement Program (Amy Espinosa)

B. TBARTA CAC Report (Rick Richmond)
C. Charter County Surtax (Johnny Wong, MPO Staff)
D. I-275 Boulevard Concept (Rich Clarendon, MPO Asst. Dir.)
E. Next Meeting: May 5, 2021

IX. Adjournment

X. Addendum
A. Links to Articles of Interest to Members:
   - Dangerous by Design 2021
   - Editorial: Going for a Walk Shouldn’t Kill You
B. MPO Meeting Summary & Committee Report
C. Florida MPOAC Legislative Update
D. Plan Hillsborough Website User Experience Survey

The full agenda packet is available on the MPO’s website, www.planhillsborough.org, or by calling (813) 272-5940.

The MPO does not discriminate in any of its programs or services. Public participation is solicited without regard to race, color, national origin, age, sex, religion, disability or family status. Learn more about our commitment to non-discrimination.

Persons needing interpreter services or accommodations for a disability in order to participate in this meeting, free of charge, are encouraged to contact Joshua Barber, (813) 576-2313 or barberj@plancom.org, three business days in advance of the meeting. If you are only able to speak Spanish, please call the Spanish helpline at (813) 272-5940 or (813) 273-3774 and dial 1.

Se recomienda a las personas que necesiten servicios de interpretación o adaptaciones por una discapacidad para participar en esta reunión, o ayuda para leer o interpretar los temas de esta agenda, sin costo alguno, que se pongan en contacto con Joshua Barber, (813) 576-2313 o barberj@plancom.org, tres días hábiles antes de la reunión. Si sólo habla español, por favor llame a la línea de ayuda en español al (813) 272-5940 o (813) 273-3774 ext. 1.

In accordance with Title 17 U.S.C. Section 107, materials attached are for research and educational purposes, and are distributed without profit to MPO Board members, MPO staff, or related committees or subcommittees the MPO supports. The MPO has no affiliation whatsoever with the originator of attached articles nor is the MPO endorsed or sponsored by the originator. Persons wishing to use copyrighted material for purposes of their own that go beyond ‘fair use’ must first obtain permission from the copyright owner. The MPO cannot ensure 508 accessibility for items produced by other agencies or organizations.

If a person decides to appeal any decision made by the board, he or she will need a record of the proceedings, and for such purpose may need to ensure that a verbatim record of the proceedings is made, which record includes the testimony and evidence upon which the appeal is to be based.
I. CALL TO ORDER & INTRODUCTIONS

Chair Bill Roberts called the virtual meeting to order at 9:05AM. There was a roll call for attendance and introductions were made.

**Members present in-person:** Rick Fernandez, David Bailey, Amy Espinosa, Steven Hollenkamp, Carolyn Brown, Hoyt Prindle, and Barbara Kennedy Gibson.

**Members present virtually:** Bill Roberts, Rick Richmond, Terrance Trott, Cliff Reiss, Don Skelton, Jr., Ed Mierzejewski, Vivienne Handy, Alexis Boback and Jeff Lucas. Beatriz Zafra arrived at 9:23. Nicole Rice and Artie Fryer called in to listen only but able to comment in chat box.

**Members absent:** Christine Acosta and Letecia Walker.

**Others present:** Rich Clarendon, Cheryl Wilkening, MPO Staff. Matt Floyd, Port Tampa Bay. Diana Ramirez, Hillsborough County. Lynda Crescentini, HART Representative.

II. Public Comment

Mr. Clarendon said there were three candidates for the At-large business representative on the CAC that would like to introduce themselves.

Sharon Gaumond is a working partner with Strandhill for two restaurants located in Brandon and Tampa Heights. She feels she would be asset to the CAC for her day to day knowledge of arranging events, parties while balancing the daily finances of two businesses. Her experience would add insight and knowledge of events parades and festivals happening in Hillsborough County.

Jon Knudsen works for Universal Engineering Sciences as a National Project Executive. He has been a project manager and engineer on several transportation projects throughout the Tampa Bay area. This experience will allow him to under the unique challenges and opportunities for sensible transportation in Hillsborough County.

Eric Lam works for Cassedy Financial Group and feels his experience in finance will help him understand the funding, risks and other economic impacts to a project. His specialty in finance is currently in wealth management as an investment analyst which allows him to have an open mind, taking all sides and factors that may not be originally considered. He has commuted over the Grandy Bridge to downtown Tampa and commuted by bicycle, motorcycle, and car month by month. This would be a great step to get involved in the community since moving to Tampa 5 years ago.

There was a public comment from Chris Vela who wanted to first recognize the ruling on the Hillsborough County Transportation Sales Tax from the Florida Supreme Court was disappointing. Mr. Vela then made comment on the South Selmon Expressway PD&E project that will be discussed later in the meeting. This study seeks to improve safety, connect communities and reduce congestion which are the only 3 goals for this expressway project. Other impacts such as potential environmental health impacts and leaving the expressway into neighborhood streets may burden Vision Zero goals in South Tampa and Downtown neighborhoods. The project will have sound walls, which real-world experience in other cities has shown that the walls don’t reduce sound and do not reduce particulate air pollution. The only real way to reduce noise and pollution from highways is to shrink or eliminate them from cutting through heavily populated urban neighborhoods which means fewer cars and not more lanes. The safety point for
this project is for hurricane evacuation but imagine if some of this money was invested in making neighborhoods more resilient to weather events, not just widening highways for evacuation. This is a highway expansion, with more cars into neighborhoods, undervaluing our downtown land, and sustaining deadly expressway exits in communities that have dealt with a recent trend in crashes. Mr. Vela urges the CAC to send in writing their opinion of opposing this project.

III. Members Interest

Hoyt Prindle would like an update on the language the CAC passed on equity and transportation. He commented on the PD&E on the Expressway and pointed out Mr. Vela’s public comment. Mr. Prindle made note of the new roundabout near Armature works.

Amy Espinosa proposed a temporary sub-committee for the TIP.

Vivienne Handy commented on the continued preemption in Tallahassee and our local board caping the impact fees which will affect our mobility fees that are due to go up and would like to have further discussion with the CAC members.

IV. Approval Minutes

Rich Clarendon pointed out the revisions in the minutes that Terrance Trott made the motion for the Gibsonton Drive/I-75 interchange project to be moved up.

Chairman Roberts sought a Motion to approve the February 3, 2021 minutes. Amy Espinosa so moved, seconded by Steven Hollenkamp and motion carried unanimously.

V. Action Items

A. Nominations of At-large Business Representative

Rich Clarendon advised the Citizens Advisory Committee has a vacancy for an at-large member representing the business community. Applications from several individuals were included in last month’s agenda packet and discussed at the February 3rd meeting. As requested, staff contacted and invited them to attend this month’s meeting and they have introduced themselves. The recommended action is to nominate an individual to fill the CAC vacancy for an at-large business representative.

Amy Espinosa requested more information from Jon Knudson. Mr. Knudson said he is an Engineer with Universal Engineering Sciences and has always been a big proponent of small business and impact of transportation on these businesses.

Rick Fernandez inquired what is the criteria for an at-large business representative and if they need to own a business. There were 3 candidates present but there were other applications and wanted to know if those are still viable candidates, inquiring if the 3 candidates applied for the at-large business representative. Jon Knudsen applied for the under 30 position. Sharon Gaumond applied for this CAC position. Eric Lam applied for the under 30 position.

Hoyt Prindle thanked candidates for applying and attending the meeting. He inquired about Jon Knudsen working on the Howard Frankland and curious if he has an issue on speaking out on the Howard Frankland since he has an interest in this. Mr. Prindle inquired what Mr. Lam most pressing issue in the Tampa Bay and Transportation. Mr. Prindle inquired what is Ms. Gaumond’s number one change is transportation policy that will affect her business.

Barbara Kennedy Gibson inquired where Eric Lam lives and other areas he is familiar with in Tampa.
Terrance Trott inquired from Eric Lam how projects that beautify the area make sense financially.

Hoyt Prindle commented that Sharon Gaumond is a true business owner, and her experience is unique with actual real effect of day to day experience of her business.

Chairman Roberts sought a motion to approve Sharon Gaumond as the Nomination of At-large Business Representative. Rick Fernandez so moved; Vivienne Handy seconded the motion. Motion carried by roll call vote 16-1. Amy Espinosa voted No.

Terrance Trott nominated Eric Lam as the alternate for Nomination of At-large Business Representative. Rick Richmond seconded this nomination.

Hoyt Prindle would like to amend the motion to nominate both Jon Knudsen and Eric Lam as alternate. David Bailey Second that motion.

Ed Mierzejewski inquired if these candidates are interested in being an alternate. Rick Richmond inquired if there are any other vacancies on the board that these two candidates can fill. Rick Fernandez pointed out Jon Knudsen and Eric Lam applied for the under 30 position and possibly one can be an alternate for under 30.

Terrance Trott and Vivienne Handy do not agree with two alternates for the At-large Business Representative. Mr. Knudsen commented that he can wait until there is another vacancy.

Hoyt Prindle withdrew his motion to amend and would like to move topic to new business at the next meeting.

Chairman Roberts would like to take a voice vote on the motion from Terrance Trott nominating Eric Lam as the alternate for Nomination of At-large Business Representative. Rick Richmond seconded the motion. The motion passed unanimously with no one opposed. Eric Lam was nominated as an alternate for the At-large Business Representative.

VI. Status Reports

A. Port Tampa Bay Master Plan Update

Matt Floyd provided an update to the Port Tampa Bay Master Plan. This is an overview of the port by including its market position now and projected, facility conditions, capacities and requirements, navigation, transportation, environmental action plan, capital improvements program and strategic directives. Port Tampa Bay is Florida’s largest and most diverse port. Port Tampa Bay Core Market covers over 380 million square feet of distribution center space within 10 miles of I-4. It is Central Florida’s hub for gasoline, diesel, jet fuel, ethanol, lube oil, partnership with petroleum companies and the Central Florida pipeline connecting Port Tampa Bay to Orlando. It is one of the world’s leading fertilizer export ports and Florida’s largest steel port. Port Tampa Bay is one of the largest hubs in the Southeast for refit, repair, maintenance and new ship construction. Prior to COVID 19, Port Tampa Bay was poised for a record year of 1.3 million passengers in FY20. Port Tampa Bay is first in the Nation dedicated to environmental affairs and the National Weather Service. The container services are huge and there is a container expansion underway. There is a cost savings for inland trucking and an average savings of $800+ per container when shipped through Tampa. It supplies over 80,000 direct and indirect jobs and over a $17 billion economic impact. Port Tampa Bay strives to meet the growing demand in Tampa Bay and along the I-4 corridor.

Steven Hollenkamp inquired about the break-down of funds, the plan to increase the channel depth and what is their greatest risk. Terrance Trott inquired about changes in climate change, sea level rise, improvement for traffic in and out of the port and what is the timeframe for these changes. David Bailey
noted they are shifting trucks off road and using barges so Mr. Bailey inquired if the rail is being maximized. Vivienne Handy pointed out the preemption of the Tallahassee bill was noted by Mr. Floyd and the impacts to the nesting grounds are not completing avoided. Ms. Handy questioned about the channel deepening and environmental impacts. Nicole Rice inquired about the State’s motivation regarding the proposal of the House bill to preempt authority and how does this effect our region and what is our leverage. Steven Hollenkamp commented on voicing opposition on the State preemption. Vivienne Handy commented on how the boats not entering Key West now that the water quality has improved.

B. Hillsborough County School Route Program Development Process & Safe Routes to Schools Projects

Diana Ramirez, Hillsborough County Staff, presented the Hillsborough County School Route Program Development Process and Safe Routes to Schools Project (SRTS). The Hillsborough County’s Engineering and Operations staff are working with school administrators and local law enforcement officials to develop a SRTS initiative. The program is based on evidence that physical upgrades help provide for students’ safety, reduce motor vehicle traffic and encourage exercise. Two changes that helped start this initiative were in 2017 Hillsborough County Public Schools ended courtesy busing for middle and high school students who live within 2 miles of their school and do not meet hazardous walking conditions criteria and in 2018 the school district changed starting bell times for elementary, middle and high school students. These changes were important because more middle and high school students walk to school and elementary students now walk during morning hours in wintertime. All schools were prioritized by their access needs, staff are developing plans to improve walk/bike safety to and from each school. Improvements can be physical features such as sidewalks, lighting, crosswalks, turn lanes or signage, which will be implemented in phases. Three schools in northwest Hillsborough County will be the first to see changes under the SRTS program: Pierce Middle, Alexander Elementary and Leto High School. After these initial improvements are made, staff will make similar safety enhancements at other schools in Hillsborough County.

Steven Hollenkamp questioned about the number of injuries in the elementary and high school kids before 2017 and increase in risk of crashes. Nicole Rice inquired without surtax funding how do we fund these safety issues. There were no other comments.

C. Flamingo Fares Update

Lynda Crescentini, HART Representative, partnered with the Pinellas Suncoast Transit Authority (PSTA) as the two lead agencies that developed a contactless regional fare collection system for the Tampa Bay area. This new system allows riders in 5 participating transit systems (Pasco, Pinellas, HART, Hernando and Sarasota) to use one Smartcard and mobile app to pay their fares. Fares can be purchased via smartphone, current transit centers, website, future retail network and is valid on HART, PCPT, SCAT, Thebus, PTSTA bus services and Jolley Trolley.

Amy Espinosa pointed out this presentation was given in November 2019 and they were going to integrate with One bus away and wondered if this did happen and if they are getting rid of paper card on July 1st and can people get credit for these if you still have them. There were no other comments.

D. History of Discriminatory Planning in Hillsborough County

This item was deferred to the next meeting.

VII. Unfinished Business & New Business

A. Selmon South Project Development & Environmental Study
Rich Clarendon noted the comments are due by March 8th and asked for comments from the committee. There was no longer an in-person quorum so the committee is not taking any motions. The expansion of the South Selmon will be from 4-6 lanes in the interim, ultimately 8 lanes. There is no additional right of way required.

Rick Fernandez pointed out this project came before the committee about a year ago and he had the same concerns as he does today. Mr. Fernandez made a request for traffic counts and analysis in support for this expansion and inquired if this was done. He associated his comments with Chris Vela’s comments during public comment. Hoyt Prindle inquired about outreach projects for this study.

B. TBARTA CAC Report

Rick Richmond, TBARTA, noted there is a Transportation Disadvantaged pilot program that is regional network with all five counties, the Regional Rapid Transit project has selected alternative 3 to dedicated lanes and there is a Senate Bill 1130 that proposes to dissolve TBARTA June 2022. You can find more information on these topics on their website.

C. Status of Charter County Surtax

Mr. Clarendon said Dr. Wong had another commitment but reported that the surtax is invalidated by the Supreme Court and this item can be discussed at the next meeting.

D. Status of I-275 Boulevard Concept

In view of the lateness of the hour, Mr. Clarendon proposed that the Status of I-275 Boulevard Concept be moved to the next meeting.

Chairman Roberts would like to discuss under members’ interests the subcommittee for the TIP and requested volunteers to prepare recommendations to the CAC.

Rick Fernandez would also like to further discuss the subcommittee for TIP and would like an alternate for the under 30 but doesn’t think it should be Jon Knudsen due to conflict of interest.

Amy Espinosa requested a temporary subcommittee under members interest to understand the process of the TIP and the content of the Transportation Improvement program. Rich Clarendon would suggest an evening workshop in May or Chairman Roberts can appoint the committee now. Amy Espinosa wanted to clarify there are overlapping projects with communities of concern. Ms. Espinosa pointed out her term is up for reappointment next month, but she commits to this committee to follow this through.

Chairman Roberts asked if Amy Espinosa would chair this subcommittee. David Bailey, Beatriz Zafra, Carolyn Brown and Terrance Trott volunteered to be on the subcommittee. Chairman Roberts appointed them to the subcommittee and designated Ms. Espinosa as its Chair.

Terrance Trott requested last month I-275 Gibsonton intersection move up and requested the status and would like someone to talk to us about social media when there is a public hearing.

Rich Clarendon noted the responses to questions regarding the turnpike projects are in the agenda packet.

E. Next Meeting: April 7, 2021

VIII. ADJOURNMENT

There being no further business, the meeting adjourned at 12:12 pm.

A complete audio and video recording of this meeting is available on the MPO’s YouTube channel.
Board & Committee Agenda Item

**Agenda Item:**
Nominate Alternate for Under 30 Representative on Citizens Advisory Committee

**Presenter:**
Rich Clarendon, MPO Asst. Director

**Summary:**
The Citizens Advisory Committee has a seat designated for a person under the age of 30. It is currently filled by CAC member Beatriz Zafra.

At last month’s meeting, after hearing from three qualified candidates, the CAC discussed nominating an alternate to serve as a voting member if the regular member could not attend a meeting.

As an at-large seat, the CAC has the prerogative to nominate someone to serve in this role, for approval by the MPO board.

**Recommended Action:**
Nominate an alternate for the under 30 representative on the CAC.

**Prepared By:**
Rich Clarendon, AICP

**Attachments:**
None
Agenda Item
TIP Amendment for I-4 FRAME Project (FPN: 445362 2)

Presenter
Megan Arasteh, PE (FDOT) and Vishaka Shiva Raman (MPO Staff)

Summary
The Department of Transportation in District 7 is working to find solutions to manage congestion and promote a more reliable and safe transportation system by using modern communication systems and technology to modernize its arterial roadways. To accomplish this, the Transportation System Management and Operations (TSM&O) program focuses on data collection, analysis and reporting, and linking together the detection devices, cameras and communications on the freeway and arterial networks. This allows District staff to measure the performance of the roadways, use data to recommend projects or studies, and deliver positive safety and mobility outcomes.

One strategic focus area that FDOT would like to bring forward is Integrated Corridor Management (ICM), which is defined as managing the available capacity of major corridors through institutional (FDOT, local agency and transit) collaboration and aggressive, proactive strategies and solutions that are synthesized by decision-support software.

To bring ICM to this region, FDOT District 7 is leading a Connected Vehicle initiative known as the I-4 FRAME (Florida’s Regional Advanced Mobility Elements) project - coordinated among both Districts 1 and 5 – to connect the cities of Orlando and Tampa with Connected Vehicle technology and incorporate Integrated Corridor Management (ICM) strategies along the corridor. The Department is excited to share the latest updates surrounding this significant project.

The U.S. Department of Transportation has awarded $10 million for the I-4 FRAME project to the state. This project will deploy advanced Integrated Corridor Management System that includes next-generation traffic incident, work zone, road weather, back-of-queue warning and speed harmonization alerts and messages with vehicle-to-infrastructure technologies. Using short-range communications and cellular vehicle-to-everything capabilities, travelers would be able to receive mobility-related messages. The project also uses FDOT’s F511 website and smartphone application to provide real-time information to travelers.

This amendment will add $14,498,681 to the current Transportation Improvement Program (TIP) towards railroads and utilities, construction, and capital phases. This will be consistent with the Smart Cities funding allocation in the 2045 Long Range Transportation Plan (LRTP).
**Recommended Action**
Approve the TIP amendment for the I-4 Frame Project.

**Prepared By**
Johnny Wong, PhD, MPO Staff

**Attachments**
Comparative Report for the I-4 Frame Project (FPN 4453622).
### Item 445362 2

**Description:** I-4/SR 400 from Downtown Tampa to Polk County Line

**Extra Description:** I-4 Frame New Connected Vehicle Infrastructure

**Type of Work:** ITS Communication System

Board & Committee Agenda Item

Agenda Item:
Non-Discrimination Plan Update

Presenter:
Joshua Barber, MPO Staff

Summary:
Under federal law, the MPO is required to prepare a plan to address Title VI of the Civil Rights Act every 3 years to ensure nondiscrimination in the provision and execution of MPO activities. The Hillsborough MPO Title VI & Nondiscrimination Plan was adopted by the MPO Board in 2018, and an updated Title VI & Nondiscrimination Plan will need to be adopted in 2021.

This update will be guided by the Resolution on Racial Discrimination adopted by the MPO in August, which states that as “racial discrimination has been evident in transportation planning, transportation planning is one of those systems that must change.” This update will therefore include an examination of how planning has contributed to racial inequities in our area.

This update also presents an opportunity to expand the Nondiscrimination Plan to address the work of the Hillsborough City-County Planning Commission. This proactive step by the Planning Commission will better ensure nondiscrimination in the provision and execution of land use and community planning activities, in coordination with transportation, and further the advancement of equitable processes and outcomes. The resulting plan will thus be a Plan Hillsborough Non-Discrimination Plan.

At this meeting, staff will provide a presentation on the steps to be taken to collaboratively review, update, and expand the Title VI and Nondiscrimination Plan to better achieve equitable outcomes and processes throughout the Hillsborough MPO’s and City-County Planning Commission’s work.

Recommended Action:
For information and discussion

MPO Board Meeting of Wednesday, March 10, 2021

CALL TO ORDER, PLEDGE OF ALLEGIANCE & INVOCATION

The MPO Vice Chairman, Commissioner Pat Kemp called the meeting to order at 10:02 a.m., led the pledge of allegiance. The regular monthly meeting was held virtually via Webex.

The following members were present via teleconference:
Commissioner Pat Kemp, Cheri S. Donohue, Melanie Williams, Councilman Joseph Citro, Commissioner Gwen Myers, Derek Doughty, Joe Waggoner, Charles Klug, Joe Lopano, Commissioner Kimberly Overman, Commissioner Mariella Smith, Councilman Guido Maniscalco, Nate Kilton, John Dingfelder and Jessica Vaughn.

The following members were absent: Commissioner Harry Cohen (medical leave).

Presentation of Awards for MPO Speed Management Action Plan

Beth Alden, MPO Executive Director, introduced the presentation of awards for the MPO Speed Management Action Plan. Ms. Alden noted they are very honored to be the recipient of two awards.

Jodi Godfrey and Michelle Cod from the Institute of Transportation Engineers were present. Jodi Godfrey was pleased to award Hillsborough County with the 2020 Tampa Bay ITE Project of the Year Award for their outstanding performance and lasting contribution on their Speed Management Action Plan. Gena Torres with MPO Staff and Paula Flores with GPI Consultants accepted this award.

Jodi Godfrey recognized the project of the year is awarded to the Hillsborough MPO for the commitment to Vision Zero.

The John W. Barr Transportation Achievement Award was presented by Vishal S. Kakkad, President of Institute of Transportation Engineers Florida-Puerto Rico District to MPO project managers Paula Flores, GPI MPO Consultant and Gena Torres, MPO Staff. This award speaks for the MPO’s diligent work in introducing fatal crash rate in Hillsborough County for the last five years.

REVIEW OF MINUTES – February 10, 2021

No action was taken on the minutes. This meeting is totally virtual with no quorum in place.

PUBLIC COMMENT

Chris Vela noted his comments on the expressway projects through the CAC and commented on the THEA bond validation authority. Mr. Vela made a reference to relining in the Tampa area in correlation with Dana Lazarus presentation.
Gina Robles, Assist Principal, St. Stephens Catholic School, pointed out the dangerous intersection of Carr Road/Boyette Road and noted they requested a traffic light. Their need has been acknowledged but there is no funding for the new design or installation.

Commissioner Kemp urged that Ms. Robles comments be brought to the BOCC and recognized Mr. Vela concerns with THEA and this could be a future item with the MPO and include Mr. Vela in that presentation.

COMMITTEE REPORTS and ADVANCE COMMENTS

Davida Franklin, MPO Staff, gave an update on the MPO committees. On March 1, the TAC committee held status reports on Flamingo Fare Update, In-Road Safety Lights, Hillsborough County School Route Program Development Process and SRTS Projects, Selmon Expressway Project Development & Environment Studies and Port Tampa Bay Master Plan. The BPAC heard status reports on HART Transit Oriented Development Study – Members asked if bike-sheds were being considered around station areas as well as safe bicycle parking at stations. Members also commented on necessary densities to support transit, including the allowance of Accessory Dwelling Units as a strategy. Members also mentioned the need to allow greater numbers of bicycles on buses (they currently hold two each) and the committee also heard from interested potential members but did not take action to approve membership due to lack of an in-person quorum. On Feb 17, the committee heard status reports on new members, Florida Department of Health Hillsborough Community Health Assessment and Selmon Expressway East PD&E. Under Action items, the TDCB approved Election of Officers and Gloria Mills was reelected as Vice Chair and Mark Harshbarger was elected as Officer at Large. The TDCB adopted the 2019-2020 FY Community Transportation Coordinator Evaluation. While not required for this FY, staff in coordination with the CTC decided to conduct an evaluation this to evaluate the impact of COVID-19 on CTC operations and performance standards. The Community Transportation Coordinator is designated every 5 years. The Hillsborough County Board of Commissioners has served as the CTC for Hillsborough County since 1990. The next designation is due by June 2021. The Board approved a motion to recommend that the MPO Board approve the re-designation as the Hillsborough Board of County Commissioners as the CTC and the Sunshine Line as the operator and forward this recommendation to the Commission for the Transportation Disadvantaged and approve MPO Resolution 2021-1. The Board approved a renewed contract with Life Concepts, Inc d/b/a Quest. This is in line with Section 5310 program requirements and Board processes. Glenn Brown and Kristina Melling volunteered to serve on the Transportation Disadvantaged Service Plan Subcommittee. The TDCB heard status reports on Florida Department of Health Hillsborough Community Health Assessment and Sunshine Line Update.

We received correspondence from J. Caughey regarding the I75x bus line, a story telling forum thank you, Chris Vela noting Mr. Prasad, Janet Scherberger regarding walk bike Tampa sidewalk code support, emails regarding BLM, Eric Holt regarding road construction that will effect Westchase commuters, email regarding South Selmon from Chris Vela and newspaper article, article regarding Bayshore speed limit 30MPH, IOC thank you from Robert Hunter, letter of support from the Ybor City Development Corporation Board Chair, and communication regarding transportation methodology and school siting.

We received social media comments from Sarah H. regarding road widening does not make things safer, Chris Vela regarding self driving cars will make streets will deadlier and Karen Mullins who shared a historic photo from 1924 that demonstrated efforts to increase driver safety awareness.

Beth Alden, MPO Director, provided an update on the Policy Committee that met this morning. They were given a presentation on the Hillsborough County Non-Discrimination Plan.
Bill Roberts, CAC Chair, presented the committee report on the CAC. On March 3, the committee nominated the At-large business Representative. Sharon Gaumond was nominated, with Eric Lam as her alternate. The committee heard status reports on Port Tampa Bay Master Plan Update; several members were concerned about recent state legislative proposals to preempt decision-making by local port authorities. They also heard status reports on Hillsborough County School Route Program Development Process and SRTS Projects and Flamingo Fares Update. Under new and unfinished business, the CAC discussed THEA’s proposed expansion of the South Selmon Expressway. Several members echoed comments made by a member of the public questioning the need for the expansion, concerns about traffic impacts to the surrounding community, and reactions received from nearby neighbors.

The Chairman also appointed an ad hoc subcommittee to dig into the Transportation Improvement Program, to make sure members understood the process as well as the substance of the TIP’s projects and priorities.

Joe Lopano thanked Bill Roberts for his service. Commissioner Kemp also agreed Bill Roberts has great dedication to his years of service.

**STATUS REPORT**

**A. Near Road Air Quality**

Sterlin Woodard with EPC Introduced the EPC Air Monitoring Network for public health protection and research. Mr. Woodard explained there are 11 air monitoring stations that continuously monitor for Ozone, NO2, Co, SO2 and particulate matter. The near-road monitoring station near I-275 is to enhance understanding of mobile source impacts. The Purple Air PA-LL-SD PM 2.5 Air Sensor is $250.00. Jason Waters, Air Monitoring Manager for EPC reviewed the EPA’s criteria air pollutants. The EPC Air Monitoring Program during COVID-19 emergency has continued without interruption, EPA/FDEP declared air monitoring mission critical and essential. The PEC operates the near-road site at Munro Street to meet specific requirements and Mr. Waters reviewed the daily near-road site data and air pollutions. Amy Stuart, Professor at USF, presented the traffic-related air pollution (TRAP). Ms. Stuart explained the complex mix of air pollutants that are elevated near roadways, the important pollutants and health effects. The inequality in health effects of air pollution include asthma, cardiovascular mortality, lung cancer mortality and overall life expectancy is lower for those with lower incomes and for blacks. Black, low-income and Hispanic populations typically have higher TRAP exposure levels and this is true for the Tampa area too. The mitigating measures include transportation system design, roadway design, traffic management, land use specifications, building specification and enabling person choices. The pros of traditional monitoring are accurate, reliable, high standard of quality, and long lifetime equipment. The limitations are expensive, sparse in spatial and pollutant representation, time lag in data availability, difficult for non-expert to access and understand and lack of trust in government data. The emerging monitoring methods are systematic mobile monitoring on government and industry vehicles and smart cities sensor systems in government infrastructure. Ms. Stuart reviewed the low-cost monitors/sensors and provided examples of community monitoring. In summary, traffic-related air pollution is an important public health problem, low-income and black people are impacted, there are many systems scale policy options for mitigation, low-cost monitoring is likely to expand and there is an opportunity for EPC and MPO to engage with communities to meet their needs by providing necessary expertise and advice.

Commissioner Kemp pointed out the intersection of transportation and air quality and then noted the Micro plastic pollution in our water is caused by our tires and commented on crowd sourcing and pollution. Ms. Alden thanked the EPC for their presentation and pointed out there has been a lot of questions of crowd sourcing and pollutions and would like to discuss further with EPC.
B. Community Health Assessment

Grisel Cisneros, Florida Department of Health, stated the Hillsborough Community Health Assessment and The Florida Department of Health (DOH) in Hillsborough County completes a comprehensive assessment of their communities every three to five years. The results are used to develop the Community Health Improvement Plan (CHIP) and provides direction for many of the DOH’s efforts during the three to five-year cycle. The DOH have been using the mobilizing for action through planning and partnerships (MAPP) model in 6 phases. The primary data was collected February – June 2019 that included 5304 surveys, 25 key informants interviewed and 4 focus groups. There was secondary data collected from various websites. There was a prioritization meeting on July 24th where the survey results were presented along with the secondary data. Ms. Cisneros reviewed the top 10 health problems and high need zip codes. The next steps will be to review the inventory of existing assets, programs, initiatives in those areas then prepare an action plan and monitor. A link was included to the Community Health Assessment in the agenda packet.

Commissioner Kemp noted it was an excellent presentation. Cheri Donohue noticed her zip code was included as a community in need and wanted to know how she could help mitigate.

C. FDOT Safety Program News: Busch Blvd

Ginger Regalado, FDOT District 7, provided highlights from the District’s safety program on the recent constructed project to improve pedestrian safety on East Busch Blvd. FDOT District 7 conducted a Pedestrian Safety Study and Road Safety Audit to determine the best locations for the recently installed Pedestrian Hybrid Beacons (PHBs) along Busch Boulevard in Hillsborough County. In addition, through the District’s Walk Bike Drive initiative, District 7 launched a comprehensive safety initiative to educate the public about the PHBs. Ms. Regalado provided video on PSA to promote Safety and asked if everyone could put on their website to promote safety. A social media quiz, large billboards, law enforcement partnerships and on street education are other examples of educating the public on pedestrian safety and PHB. FDOT has a working relationship with local partnerships of Hillsborough County which is essential to get the word out and noted FDOT has completed signal cabinet wraps and aesthetic treatment that show all communities are involved.

Commissioner Overman would like a link to these videos so she can share on social media and websites.

D. Plan Hillsborough Annual Report

Melissa Zornitta, Planning Commission Director, presented the Plan Hillsborough Annual Report. This report describes the progress over the past year to implement the Strategic Plan and uses the framework of the Plan’s seven Strategic Priorities. Ms. Zornitta highlighted 57 plan amendments and 297 consistency reviews to link land use and transportation. Strategies for Transportation Alternatives and New Development Scenarios (STANDS), City and County Policy Workshops, South County policy workshops, South County studies and Speed Management Action Plan. They have enhanced digital communication and digital forms, pivoting remote work and virtual meetings, new video productions and leveraging technology. Ms. Zornitta provided an update on citizen engagement, planning partnerships, enabling transportation choices, opportunities for Regional Collaboration and internal agency enhancements. The 2021 Strategic Plan Implementation Activities continue to be a focus and priority for staff, agencywide sharing of implementation ideas of all staff, surveying staff for new and innovative ideas, continued cross-functional teams and potential fall/winter staff retreat. A consolidated annual report is attached in the agenda packet that provides detailed information regarding the performance and progress from a strategic perspective.
E. Bylaws Amendment for Policy and Livable Roadways Committees

Lisa Silva, MPO Staff, presented the bylaws amendment for Policy and Livable Roadways Committees. In November 2020, during New Business at the LRC meeting, there was a discussion about adding a School District and/or School Parent Representative to the LRC membership. All new members require Bylaw Amendments. In January 2021, the Policy Committee discussed a name change for the MPO, consistent with the Fictitious Name Act, to Hillsborough Transportation Planning Agency and a limit a term for officers to two consecutive years. A copy of the Bylaws Amendment with revisions highlighted are included in the agenda packet.

Executive Director’s Report

The Legislative developments includes funding from federal Pandemic Recovery Act is coming to our area what that means in terms of our ability to apply additional funds to MPO priorities. We will be talking about that next month at our MPO Policy Committee which will be a workshop on our priorities for the Transportation Improvement Program this Year. You will be hearing from all of the local government agencies like HART who are submitting priorities for consideration. At the State level there are a couple of Regional Bills that are affecting TBARTA. Our MPO Regional Planning the MPO Chair’s Coordinating Committee for West Central Florida has been part of the TBARTA Organization of a number of years. TBARTA has narrowed to focus on a smaller geographic area and transit specifically so the MPO will take the lead again in Multimodal Transportation Planning but to reflect that in the State Law so one of the TBARTA Bill would make that change. The other would be to remove both TBARTA and the MPO Chair’s Coordinating Committee from the State Statue. This doesn't mean that our Regional Coordination would go away for the MPO's because we have signed the interlocal agreement. Lastly, they have been talking about a fictitious name for the Regional Coordination as well so to more clearly describe what they are doing the name that has been suggested is Gulf Coast Transportation Planning Council. There is a TMA Leadership Group virtual meeting this Friday at 9:30am and the link is on our website. Lastly, the MPO Staff has created two different Financial scenarios in the Long-Range Transportation Plan. One with the sales tax and one without the sales tax. The funding estimates are a result of the coordination with all four local governments and HART about their needs and their process in it to address those needs and the sales tax. The financial scenario in the Long-Range Plan is not only based on their cost estimates and needs it also forecasts our system performance in these two financial scenarios so maintenance, safety, travel time reliability, access to bus service, performance metrics are already calculated out in those two different scenarios.

OLD & NEW BUSINESS

Commissioner Overmen would like to make sure the MPO Staff meet with stakeholders to bring heighten level of coordination and analysis of the 2045 LTRP. Councilman Dingfelder requested for a report from FDOT on technical options for wrong way driver. Councilman Dingfelder would also like staff to look for potential funding for the entire North Florida Avenue on traffic calming right now there are funds up to MLK and he pointed out South of Gandy issues up to Kennedy has been two lanes and would like to discuss possible solutions.

ADJOURNMENT

The meeting adjourned at 12:06pm.
Committee Reports

Meetings of the Technical Advisory Committee (TAC) on March 1

On March 1, the committee held status reports on:

- Flamingo Fare Update
- In-Road Safety Lights
- Hillsborough County School Route Program Development Process and SRTS Projects
- Selmon Expressway Project Development & Environment Studies
- Port Tampa Bay Master Plan

Meeting of the Citizens Advisory Committee (CAC) March 3

On March 3, the committee nominated the At-large business Representative. Sharon Gaumond was nominated, with Eric Lam as her alternate.

The committee heard status reports on:

- Port Tampa Bay Master Plan Update; several members were concerned about recent state legislative proposals to preempt decision-making by local port authorities.
- Hillsborough County School Route Program Development Process and SRTS Projects
- Flamingo Fares Update

Under new and unfinished business, the CAC discussed THEA’s proposed expansion of the South Selmon Expressway. Several members echoed comments made by a member of the public questioning the need for the expansion, concerns about traffic impacts to the surrounding community, and reactions received from nearby neighbors.

The Chairman also appointed an ad hoc subcommittee to dig into the Transportation Improvement Program, to make sure members understood the process as well as the substance of the TIP’s projects and priorities.

Bicycle Pedestrian Advisory Committee (BPAC) on February 10

The BPAC heard status reports on:

- HART Transit Oriented Development Study – Members asked if bike-sheds were being considered around station areas as well as safe bicycle parking at stations. Members also commented on necessary densities to support transit, including the allowance of Accessory Dwelling Units as a strategy. Members also mentioned the need to allow greater numbers of bicycles on buses (they currently hold two each).
The committee also heard from interested potential members but did not take action to approve membership due to lack of an in-person quorum.

Meeting of the Livable Roadways Committee (LRC) on February 17

On Feb 17, the committee heard status reports on:

- New Members
- Florida Department of Health Hillsborough Community Health Assessment
- Selmon Expressway East PD&E

Meeting of the Transportation Disadvantaged Coordinating Board (TDCB) on February 26

Under Action items, the TDCB approved:

- Election of Officers
  Gloria Mills was reelected as Vice Chair and Mark Harshbarger was elected as Officer at Large
- CTC Evaluation
  The TDCB adopted the 2019-2020 FY Community Transportation Coordinator Evaluation. While not required for this FY, staff in coordination with the CTC decided to conduct an evaluation this to evaluate the impact of COVID-19 on CTC operations and performance standards.
  - CTC Designation
    The Community Transportation Coordinator is designated every 5 years. The Hillsborough County Board of Commissioners has served as the CTC for Hillsborough County since 1990. The next designation is due by June 2021. The Board approved a motion to recommend that the MPO Board approve the re-designation as the Hillsborough Board of County Commissioners as the CTC and the Sunshine Line as the operator, and forward this recommendation to the Commission for the Transportation Disadvantaged and approve MPO Resolution 2021-1.
    - Coordination Contract for Life Concepts, Inc.
      The Board approved a renewed contract with Life Concepts, Inc d/b/a Quest. This is in line with Section 5310 program requirements and Board processes.
    - TDSP Subcommittee
      Glenn Brown and Kristina Melling volunteered to serve on the Transportation Disadvantaged Service Plan Subcommittee.
  The TDCB heard status reports on:
  - Florida Department of Health Hillsborough Community Health Assessment
  - Sunshine Line Update
Greetings everyone!! As you have noticed there was a little delay in getting you your legislative newsletter. I could not have imagined how difficult it is to get internet service in a newly built apartment. It takes a couple of trips by the internet provider to get it up and running. Let’s call that a lesson learned. Of course with a new place comes a lot of unpacking and this week I started a new job. Sadly, I did not get to join you last weekend or last week. It is good to be back with you.

Let’s jump into what’s happening, shall we? Transportation legislation that has advanced includes the seatless bike bill, electric vehicle registration fees, the pre-emption of local rules at ports, the return of the flashing yellow pedestrian crossing bill and a few DOT related bills. I can share with you a bit about each of these bills. The seatless bike bill is filling an unusual need within Florida, current Florida law requires every bike to have a seat. That has not been a problem for many years, until now. There is a manufacturer who produces a bike that combines the foot motion of an elliptical machine with a bicycle. This creates a bike that you stand on, no seat, and move your legs in the circular-type motion of an elliptical machine. These products are popular in the Villages and apparently citizens there are receiving tickets for riding a bike without a seat. This is a very short summary of the bill, for a more detailed look check Senator Baxley’s bill, SB 738.

Senator Brandes is taking on the issue of how to address the electric vehicle market and the fact that electric vehicles don’t pay gas taxes into the transportation trust fund because, well these are electric vehicles….. The bill will look at collecting additional fees through the annual registration process. This is something we have spoken to before in the newsletter. The bill number is SB 140.

A bill that is working its way through the legislative session would block locals from saying what can and cannot be off-loaded at seaports. The bill is much more detailed than this one sentence, but it all stems from a referendum passed by Key West voters to limit the size of cruise ships that can dock at their port. The referendum will still allow the smaller cruise ships to dock in Key West. Residents were not pleased that large cruise ships were docking, sometimes several on the same day, and spilling loads of tourists into their rather small city. The Senate version is moving forward, that bill number is SB 426. The House companion bill is HB 267.

Another bill that must be mentioned is SB 100 which will pull back the M-CORES legislation from a few years ago. The bill redirects the M-CORES effort and takes away a few lines on the state map. It does keep the north corridor and generally, the new bill looks to utilize Route 19 as the basis for a mobility corridor. The task forces that were outlined in the original M-CORES legislation found that the
roadways did not have a definitive need and likely would not be able to financially support themselves. Bravo to the implementation of the planning process which worked properly and made a determination of what is best for Florida.

Representative Fine filed a bill last year that looked at the flashing yellow signals used at mid-block pedestrian crossings. His will would have been very expensive for local communities and some in traffic safety argued that his bill would create a more dangerous pedestrian environment. He has filed a similar bill this year, HB 1113 and it is on the move.

Let’s not forget, there are a couple of transportation bills outs there, SB 1126 and SB 1500. Keep an eye on these, SB 1126 moves the date of submittal for your MPO project priority list from October 1st to August 1st.

A key date to mention to you, the deadline for filling new bills was March 2nd. There may be a few bills that were submitted prior to March 2nd which have not been introduced yet, but that number should be relatively small.

Of course, this would not be a regular legislative session if there were not some bills which are super controversial. An example is a bill to limit the amount of THC in medical marijuana which is out there. There are several other bills sure to keep everyone stirred up. These are not our bills though and the point of this newsletter is to focus on good transportation policy. Over the rest of the session I will point out a few of these bills for you, but we are not going to devote reading space here to those other bills. Our mention of them will be solely for your entertainment purposes.

Key dates for the 2021 Florida Legislative Session are shown immediately below. All new bills and any updates to bills shown in the last section of the newsletter are in RED so you can quickly distinguish between updates and old news. A few bills have been filed; many more will be filed over the coming months. Your MPOAC Legislative Update will keep you apprised of newly filed bills and changes to existing bills.

Grab a cup of coffee and enjoy this edition of the Florida MPOs Legislative Update.
Important Dates for the 2021 Legislative Session

- August 1, 2020 - Deadline for filing claim bills (Rule 4.81(2))
- January 29, 2021 5:00 p.m. - Deadline for submitting requests for drafts of general bills and joint resolutions, including requests for companion bills.
- February 26, 2021 5:00 p.m. - Deadline for approving final drafts of general bills and joint resolutions, including companion bills.
- March 2, 2021 - Regular Session convenes (Article III, section 3(b), State Constitution)
- April 17, 2021 - Motion to reconsider made and considered the same day (Rule 6.4.(4)) All bills are immediately certified (Rule 6.8)
- April 20, 2021 50th day – last day for regularly scheduled committee meetings (Rule 2.9(2))
- April 30, 2021 60th day – last day of Regular Session (Article III, section 3(d), State Constitution)

Legislation of interest

This is a summary of transportation related bills filed and published on the legislature’s website as of March 12, 2021. More bills will be filed during the 2021 session and as they are made available the newly filed transportation bills will be added to this list. The bills are listed in numerical order for your convenience. As the session progresses and the number of bills tracked in this newsletter grows, this ordering of bills will make it easier to follow the status of any bill you are tracking. All new bills and any updates to bills shown below are in RED so you can quickly distinguish between updates and old news.

**HB 35: Legal Notices – (Fine; Co-Introducer: Grieco)** – Provides for website publication of legal notices; provides criteria for such publication; authorizes fiscally constrained county to use publicly accessible website to publish legally required advertisements & public notices; requires government agency to provide specified notice to residents concerning alternative methods of receiving legal notices. Filed in the House. Referred to Civil Justice and Property Rights Subcommittee; Judiciary Committee. On Committee agenda-- Civil Justice and Property Rights Subcommittee, 02/03/21, 4:30 pm, Webster Hall. Passed Civil Justice and Property Rights Subcommittee, now in Judiciary Committee. Passed Judiciary, Now on House Floor, 1st Reading.

**HB 53: Public Works Projects – (DiCeglie)** – Revises definition of term "public works project"; prohibits state or any political subdivision that contracts for public works project from requiring specified acts by certain persons engaged in such project or prohibiting certain persons from receiving information about public works opportunities. Referred to Government Operations Subcommittee; Public Integrity and Elections Committee; State Affairs Committee. Added to Government Operations Subcommittee agenda. Passed Government Operations

Written almost weekly by Carl Mikyska
FloridaMPOs@gmail.com
Subcommittee. Laid on the table and Committee Substitute filed. Referred to Public Integrity & Elections; State Affairs. Now in Public Integrity & Elections.

SB 54: Motor Vehicle Insurance – (Burgess; Co-Introducers: Rouson) – Related Bill HB 273 by Plakon, SB 420 by Hooper and HB 719 by Grall. Repealing provisions which comprise the Florida Motor Vehicle No-Fault Law; revising the motor vehicle insurance coverages that an applicant must show to register certain vehicles with the Department of Highway Safety and Motor Vehicles; revising financial responsibility requirements for owners or lessees of for-hire passenger transportation vehicles; providing an exception to the circumstances under which a person who is damaged may bring a civil action against an insurer; revising coverages subject to premium discounts for specified motor vehicle equipment; specifying persons whom medical payments coverage must protect, etc. APPROPRIATION: $83,651. Referred to Banking and Insurance; Judiciary; Rules. Passed Banking and Insurance; YEAS 10 NAYS 2. Now in Judiciary. On Committee agenda-- Judiciary, 02/15/21, 2:30 pm, 412 Knott Building. Passed Judiciary; 7 YEAS, 2 NAYS. Now in Rules. Passed Rules, 12 YEAS, 3 NAYS. On the full Senate Floor, on 2nd reading.

HB 57: Transportation – (Andrade) – Similar Bill SB 1194 by Hooper. Similar to SB 1500 by Harrell (this bill seems to be moving). Revises provisions relating to motor vehicle sales tax, competitive solicitations, vehicles displaying flashing lights, annual cap on project contracts, airport restrictions, arbitration of contracts by & membership of State Arbitration Board, borrow pit operation, & performance standards for certain extraction locations. Filed in the House. Referred to Tourism, Infrastructure and Energy Subcommittee; Ways and Means Committee; Infrastructure and Tourism Appropriations Subcommittee; Commerce Committee. Added to Tourism, Infrastructure & Energy Subcommittee agenda. Passed Tourism, Infrastructure & Energy Subcommittee. Original reference to Ways and Means Committee; Infrastructure and Tourism Appropriations Subcommittee removed. Now in Commerce Committee.

HB 59: Growth Management – (McClain; Co-Introducer Sabatini) – Similar Bill SB 496 by Perry. Requires local governments to include property rights element in their comprehensive plans; provides statement of rights that local government may use; requires local government to adopt property rights element by specified date; prohibits local government's property rights element from conflicting with statutorily provided statement of rights; provides that certain property owners are not required to consent to development agreement changes; prohibits municipality from annexing specified areas; requires DOT to afford right of first refusal to certain individuals; provides requirements & procedures for right of first refusal; authorizes certain developments of regional impact agreements to be amended. Filed in the House. Referred to Local Administration and Veterans Affairs Subcommittee; Civil Justice and Property Rights Subcommittee; State Affairs Committee. On Committee agenda-- Local Administration and Veterans Affairs Subcommittee, 02/04/21, 12:00 pm, Sumner Hall. Passed Local Administration and Veterans Affairs Subcommittee 12 YEAS, 6 NAYS. Added to Civil Justice & Property Rights Subcommittee agenda. Passed Civil Justice & Property Rights Subcommittee. Passed out of State Affairs. Now on the House Floor for a full House vote, on 1st reading.

SB 62: Regional Planning Councils – (Bradley) – Revising a requirement for the Executive Office of the Governor to review and consider certain reports, data, and analyses relating to the revision of the state comprehensive plan; eliminating the advisory role of regional planning councils in state comprehensive plan preparation and revision; repealing provisions relating to

Written almost weekly by Carl Mikyska
FloridaMPOs@gmail.com
the Florida Regional Planning Council Act; authorizing local governments to recommend areas
critical state concern to the state land planning agency, etc. RPCs would be able to host
MPOs under the bill as currently written. Referred to Community Affairs; Judiciary; Rules. On
Committee agenda-- Community Affairs, 01/26/21, 3:30 pm, 37 Senate Building. CS by
Community Affairs; YEAS 6 NAYS 3. Now in Judiciary. Watch this bill, looks to be advancing to
it’s next committee which is Judiciary.

HB 91: Use of Wireless Communications Devices While Driving – (Slosberg; Co-
Introducer: Grieco).– Revises short title & legislative intent; prohibits operation of motor
vehicle while holding or touching wireless communications device; provides exceptions; revises
information that may be admissible as evidence in proceeding to determine whether violation
has been committed; revises procedures for collection & reporting by DHSMV of information
recorded on citation; conforms provisions relating to use of wireless communications devices in
school & work zones. Filed in the House. Referred to Criminal Justice and Public Safety
Subcommittee; Tourism, Infrastructure and Energy Subcommittee; Infrastructure and Tourism
Appropriations Subcommittee; Judiciary Committee.

SB 138: Electric Vehicles – (Brandes) – Related Bill SB 140 by Brandes. Identical Bill HB817
by Toledo. Revising the Department of Transportation's goals relating to mobility; requiring the
department to establish the Electric Vehicle Infrastructure Grant Program; providing for the
distribution of grants to certain entities to install electric vehicle charging infrastructure;
specifying that certain rules adopted by the Department of Agriculture and Consumer Services
may not require specific methods of sale for electric vehicle charging equipment used in, and
services provided in, this state, etc. APPROPRIATION: $5,000,000. Referred to Transportation;
Appropriations Subcommittee on Transportation, Tourism, and Economic Development;
Appropriations. Passed Transportation, 8 YEAS, Zero NAYS. Now in Appropriations
Subcommittee on Transportation, Tourism, and Economic Development.

SB 140: Fees/Electric Vehicles – (Brandes) – Related Bill SB 138 by Brandes. Identical Bill
HB819 by Learned. Creating additional fees for electric vehicles; creating a license tax and an
additional fee for plug-in hybrid electric vehicles; requiring, on specified dates, the Department
of Highway Safety and Motor Vehicles to increase the additional fees, subject to certain
requirements; providing that certain vehicles are exempt from specified fees, etc. Referred to
Transportation; Appropriations Subcommittee on Transportation, Tourism, and Economic
Development; Appropriations. Passed Transportation, 7 YEAS, 1 NAYS. Now in Appropriations
Subcommittee on Transportation, Tourism, and Economic Development.

HB 139: Electronic Transactions for Title Certificates and Registrations – (Fernandez-
Barquin) – Authorizes tax collectors to accept applications for motor vehicle & vessel
certificates of title by electronic or telephonic means, to collect electronic mail addresses for use
as method of notification, & to contract with vendors to provide electronic & telephonic
transactions; provides that electronic signature that meets certain requirements satisfies
signature required for application for certificate of title; specifies tax collection systems for which
certain fees may be used for integration with Florida Real Time Vehicle Information System;
requires DHSMV to provide tax collectors & approved vendors with certain data access &
interface functionality; specifies authorized uses; requires DHSMV to ensure approved vendors
protect customer privacy & data collection. Filed in the House. Referred to Tourism,
Infrastructure and Energy Subcommittee; Infrastructure and Tourism Appropriations
SB 178: Public School Transportation – (Cruz) – Comparable Bill HB 229 by Salzman. Revising the requirement that district school boards provide transportation for certain students; requiring a district school superintendent to request a review of a hazardous walking condition upon receipt of a written request from a parent of a student; requiring, rather than authorizing, a district school board to initiate a specified proceeding relating to hazardous walking conditions, etc. Referred to Education; Appropriations Subcommittee on Education; Appropriations.

HB 205: Requirements for Establishing or Increasing Tolls – (Borrero) – Requires increase of current toll or development of new toll collection facility in county with certain population to be approved by board of county commissioners. After July 01, 2022 a toll increase or new toll in a county of over 1 million population will require a two-thirds vote of board of county commissioners at a regularly scheduled meeting. Filed in the House. Referred to Tourism, Infrastructure and Energy Subcommittee; Ways and Means Committee; Commerce Committee.

HB 229: Hazardous Walking Conditions for K-12 Students – (Salzman) – Comparable Bill SB 178 by Cruz. Requires DOT to develop & adopt standards & criteria to identify hazardous walking conditions; Revises provisions relating to the transportation of students subjected to hazardous walking conditions & funding for such students. Filed in the House. Referred to Early Learning and Elementary Education Subcommittee; Tourism, Infrastructure and Energy Subcommittee; Appropriations Committee; Education and Employment Committee.

HB 267: State Preemption of Seaport Regulations – (Roach; Sirois) – Identical Bill SB 426 by Boyd. Preempts to state regulation of commerce in state seaports; provides exceptions; provides construction. Referred to Tourism, Infrastructure & Energy Subcommittee; Local Administration & Veterans Affairs Subcommittee; Commerce Committee. Now in Tourism, Infrastructure & Energy Subcommittee. Passed Tourism, Infrastructure & Energy Subcommittee, Laid on Table and Committee Substitute taken up. Referred to Referred to Local Administration & Veterans Affairs Subcommittee; Commerce Committee. Now in Local Administration & Veterans Affairs Subcommittee.

HB 273: Motor Vehicle Insurance Coverage Exclusions – (Plakon) – Similar to SB54 by Burgess, SB 420 by Hooper and HB 719 by Grall. Provides private passenger motor vehicle policies may exclude identified individuals from specified coverages; provides exceptions. Filed in the House. Referred to Insurance & Banking Subcommittee; Commerce Committee. Now in Insurance & Banking Subcommittee. Favorable by Insurance & Banking Subcommittee.

SB 278: Traffic Offenses – (Baxley) - Creating the “Vulnerable Road User Act”; providing criminal penalties for a person who commits a moving violation that causes serious bodily injury to, or causes the death of, a vulnerable road user; requiring that the person who commits the moving violation pay a specified fine, serve a minimum period of house arrest, and attend a driver improvement course; requiring that the court revoke the person’s driver license for a minimum specified period, etc. Filed in the Senate. Referred to Transportation; Appropriations Subcommittee on Transportation, Tourism, and Economic Development; Appropriations. Now in Transportation.
HB 297: Child Restraint Requirements – (Hinson) – Identical Bill SB380 by Perry -
Increasing the age of children for whom operators of motor vehicles must provide protection by
using a crash-tested, federally approved child restraint device; increasing the age of children for
whom a separate carrier, an integrated child seat, or a child booster seat may be used, etc.
Filed in the House. Referred to Tourism, Infrastructure & Energy Subcommittee; Children,
Families & Seniors Subcommittee; Commerce Committee. Now in Tourism, Infrastructure &
Energy Subcommittee.

HB 337: Impact Fees – (DeCeglie) – Identical to S750 by Gruters - Specifying instances when
a local government or special district may collect an impact fee; requiring local governments and
special districts to credit against the collection of impact fees any contribution related to public
facilities; providing annual limitations on impact fee rate increases; requiring school districts to
report specified items regarding impact fees, etc. Referred to Local Administration & Veterans
Affairs Subcommittee; Referred to Ways & Means Committee; Referred to State Affairs
Committee. On committee agenda of Local Administration & Veterans Affairs Subcommittee.

SB 342: Vehicle and Vessel Registration – (Diaz) – Requiring tax collectors to determine
service charges collected by privately owned license plate agents for motor vehicle titles;
requiring that additional service charges be itemized and disclosed to the person paying them;
requiring a license plate agent to enter into a contract with the tax collector for a certain
purpose; requiring tax collectors and approved license plate agents to enter into a memorandum
of understanding with the department for a certain purpose, etc. Filed in the Senate. Referred
to Transportation; Finance and Tax; Rules. Passed Transportation 7 YEAS, Zero NAYS.

HB 353: Bicycle Operations Regulations – (Hage) – Identical to SB738 by Baxley - Providing
an exception to the requirement that a person operating a bicycle ride upon or astride a seat
attached thereto, etc. Filed in the House. Referred to Tourism, Infrastructure & Energy
Subcommittee; Commerce Committee. Now in Tourism, Infrastructure & Energy Subcommittee.
Added to Tourism, Infrastructure & Energy Subcommittee agenda. Passed Tourism,
Infrastructure & Energy Subcommittee. Now in Commerce Committee. Passed Commerce
Committee. On the House Floor for a full House vote, on 2nd reading.

HB 357: Photographic Enforcement of School Zone Speed Limits – (Duran and
Rodriguez) – Authorizes county or municipality to contract with vendor to install cameras in
school speed zones to enforce speed limits; provides civil penalty for violation found through
recording of photographic images; provides for disposition & use of funds; provides for
determination of liability; provides nonapplication of violation to driver license points
assessment, conviction, driving record, or provision of motor vehicle insurance coverage;
requires referral to DHSMV resulting in prohibition of motor vehicle registration renewal &

Referred to Transportation; Criminal Justice; Rules.

**SB 1276: Fees – (Hooper)** – Requiring the Department of Highway Safety and Motor Vehicles to publish notice when electric vehicles and hybrid vehicles make up 5 percent or more of the total number of vehicles registered in this state; providing fees for electric vehicles and hybrid vehicles beginning after the department publishes such notice; requiring that the proceeds of certain fees be deposited into the State Transportation Trust Fund, etc. Filed in the Senate. Referred to Transportation; Finance and Tax; Appropriations.

**SB 1332: Electric Vehicle Charging Stations – (Brandes)** – Urging Congress to authorize installation of electric vehicle charging stations in rest areas on the interstate highway system and to allow charging station providers to charge a fee for public use of charging stations installed in such rest areas, etc. Filed in the Senate.

**SB 1364: Transportation Projects – (Brodeur)** – Identical Bill HB 729 by Gregory. Limiting the amount of State Transportation Trust Fund revenues to be committed for certain public transportation projects; revising the amount of funding allocated by the Department of Transportation to transportation construction projects for the purchase of plant materials; removing a requirement that a certain amount of such allocation be for the purchase of large plant materials; requiring purchased plant materials to be grown in this state; authorizing the department to enter into certain contracts without advertising and receiving competitive bids under certain circumstances, etc. Filed in the Senate.

**SB 1412: Traffic and Pedestrian Safety – (Perry)** – Similar Bill HB 1113 by Fine. Citing this act as the "Sophia Nelson Pedestrian Safety Act"; requiring a traffic engineering study to be conducted which recommends installation of a specified pedestrian crosswalk before such installation occurs; requiring a pedestrian crosswalk on a public highway, street, or road which is located at any point other than at an intersection with another public highway, street, or road to conform to specified requirements; providing coordination requirements for certain devices and signals; requiring that traffic control signal devices at adjacent intersections be taken into consideration, etc. Filed in the Senate.

**HB 6009: Traffic Infraction Detectors – (Sabatini; Co-Introducers: Borrero; D. Smith)** - Repeals provisions relating to Mark Wandall Traffic Safety Program & authorization to use traffic infraction detectors; repeals provisions relating to distribution of penalties, transitional implementation, & placement & installation; conforms cross-references & provisions to changes made by act. Filed in the House. Referred to Tourism, Infrastructure and Energy Subcommittee; Appropriations Committee; Commerce Committee.
HB 6015:  Jacksonville Transportation Authority Leases – (Duggan) – Related Bill SB 376 by Gibson. Removes limitation on term of lease into which authority may enter. Filed in the House. Referred to Tourism, Infrastructure and Energy Subcommittee; Infrastructure and Tourism Appropriations Subcommittee; Commerce Committee.
Greetings readers! This week has brought us some movements on bills in the legislature, the one I want to focus on is SB 100 which for all intents and purposes undoes the M-CORES legislation of a few years ago. I say this with a caveat though. The legislation recognizes the need for the proposed routes in the M-CORES for emergency evacuations, think a pending hurricane. The bill does not explicitly go into what the study groups for the corridors recommended but it recognizes that the initial planning studies showed that there is not enough demand on a regular basis for the expenditure to build access-controlled interstates where M-CORES identified. What SB 100 does propose is to use the existing US-19 corridor and improve it to create efficiencies so that during an emergency Floridians can evacuate effectively. I wrote about this last week, but it bears repeating, thank you for letting the planning study do the work needed and then following the study group’s recommendations. SB 100 is headed to the Senate floor for a full vote of the Senate.

If you are looking for excitement, this legislative session has it. In years past I have written that some drama is fine by me if it doesn’t involve transportation. In fact, some drama in other areas keeps the focus away from transportation, that makes me feel a little more comfortable. So, what is happening? There is a look at abolishing the Constitutional Revision Commission, changing the voting laws related to absentee ballots and drop boxes for ballots, changing the bright futures program to favor certain degrees and discourage other degrees, and requiring that free standing Emergency Room facilities are clearly distinguished from Urgent Care facilities. The short term rental bill is back again this year, we have a bill limiting the potency of medical marijuana, undoing a local referendum on how many cruise ships, and what size of cruise ship, can dock at a port, expanding the allowable size for wine containers and requiring that ballot initiatives to change the constitution would need 2/3 approval instead of the current 60%. Come to think of it, that might be a good limit for passing a bill through the legislature. There are many more issues that we can talk about, this is to give you a good sample of the hot topics. Any of these could make for some exciting committee meetings and floor debate if these bills make it through the committee process. There is one big issue that came up this week and we should spend a little space on it, let’s explore.

The federal government passed another relief package and it looks like Florida is going to receive about $10B in federal funds to assist our economy. This is a lot of money when you consider that our state budget for the current year is about $91B. The Governor announced that he knows what he wants to spend about $4B on, that leaves about $6B for someone else to figure out how to spend it. We will have presume that is going to be the legislature…… As Matt Dixon wisely pointed out, $6B to figure out how to spend is a lobbyist’s dream and yet the Capitol is locked. No visitors! This should be
fun to watch the scramble to plead for money via zoom or other avenues that don’t involve opening the capitol doors.

Let’s wrap this up with a shout-out to Senator Keith Perry who has regularly championed traffic safety issues and every year brings forward solid bills that make sense for our safety. He is sponsoring a bill to require kids in booster seats through age 6. His bill SB 380 passed a full Senate Floor vote without a single dissenting vote! Thank you Senator for your work on this bill, you have been a good friend to transportation and we appreciate you.

Key dates for the 2021 Florida Legislative Session are shown immediately below. All new bills and any updates to bills shown in the last section of the newsletter are in RED so you can quickly distinguish between updates and old news. A few bills have been filed; many more will be filed over the coming months. Your MPOAC Legislative Update will keep you apprised of newly filed bills and changes to existing bills.

Grab a cup of coffee and enjoy this edition of the Florida MPOs Legislative Update.

**Important Dates for the 2021 Legislative Session**

- August 1, 2020 - Deadline for filing claim bills (Rule 4.81(2))
- January 29, 2021 5:00 p.m. - Deadline for submitting requests for drafts of general bills and joint resolutions, including requests for companion bills.
- February 26, 2021 5:00 p.m. - Deadline for approving final drafts of general bills and joint resolutions, including companion bills.
- March 2, 2021 - Regular Session convenes (Article III, section 3(b), State Constitution) 12:00 noon, deadline for filing bills for introduction (Rule 3.7(1))
- April 17, 2021 - Motion to reconsider made and considered the same day (Rule 6.4.(4)) All bills are immediately certified (Rule 6.8)
- April 20, 2021 50th day – last day for regularly scheduled committee meetings (Rule 2.9(2))
- April 30, 2021 60th day – last day of Regular Session (Article III, section 3(d), State Constitution)
Legislation of interest

This is a summary of transportation related bills filed and published on the legislature’s website as of March 20, 2021. More bills will be filed during the 2021 session and as they are made available the newly filed transportation bills will be added to this list. The bills are listed in numerical order for your convenience. As the session progresses and the number of bills tracked in this newsletter grows, this ordering of bills will make it easier to follow the status of any bill you are tracking. All new bills and any updates to bills shown below are in RED so you can quickly distinguish between updates and old news.

**HB 35: Legal Notices – (Fine; Co-Introducer: Grieco)** – Comparable bill SB 402 by Rodrigues. Provides for website publication of legal notices; provides criteria for such publication; authorizes fiscally constrained county to use publicly accessible website to publish legally required advertisements & public notices; requires government agency to provide specified notice to residents concerning alternative methods of receiving legal notices. Filed in the House. Referred to Civil Justice and Property Rights Subcommittee; Judiciary Committee.
