Greater Palm River Area Community Plan: Goals

Infrastructure
and Utilities

Crime and
Public Safety

Traffic/
Transportation

Parks and
Recreation

Planning and
Growth

Economic
Development

Senior, Social,
Health-Medical
Services and
Schools

Environment
and Natural
Resources

Historic
Preservation

Parks and Recreation

Goal 4: Provide adequate and quality parks and recreation opportunities.

Strategy 2.a: Intergovernmental cooperation with the City of Tampa is necessary to ensure appropriate access and interface of recreational opportunities.

Strategy 6: Support the development of a community center. Ruben Padgett Sport Complex supports sports and athletics, as sports and athletics programs are relocated to the Progress Village Sports Complex, the site should be retained and developed as a community center.

Today's Activity

GREATER PALM RIVER AREA COMMUNITY PLAN UPDATE GOALS AND STRATEGIES EXERCISE #1 - FEBRUARY 22, 2023

Format

The larger group will split into three (3) smaller groups and relocate to the tables. Each table will represent one of the following community plan goals:

- Parks and Recreation
- Natural Resources
- Historic Preservation

At each table there is a copy of the adopted Goal and its strategies, flip chart paper, and markers. There are also copies of the concept vision map and an aerial of the community plan area for reference, if needed.

Task

As a group consider the following about the GOAL and its STRATEGIES:

- Which parts should stay? Do they need to be expanded or clarified?
- Which parts should be removed, if any? What do you feel no longer applies?
- What is missing? What is a new idea or need in the community that did not exist 10 years ago?

Write down the group's comments and/or questions on the flip chart paper. If you are referencing a specific strategy, please use the adopted numbering ("Strategy 6.a").

Share

Once each group finishes their review and discussion, each group will share their conclusions and ideas.

After each group has finished sharing, the larger group will have a chance to contribute additional comments and feedback on that specific Goal and its Strategies.

Don't forget to invite neighbors to the CPAC that want to contribute.

There is an online survey for folks who did not have a chance to attend and participate in the open houses. Please spread the word. Survey closes end of March.

You can email/call us anytime with comments!
