In the event of litigation to enforce this requirement, the prevailing party shall be entitled to reasonable attorney's fees and court costs.

A declaration of default under this Agreement shall constitute a basis for termination of this Agreement by the TPO.

Failure by the TPO at any time to enforce any of the provisions of this Agreement or to take any course of action allowed by this Agreement shall not be construed as a waiver of any right the TPO may have pursuant to this Agreement. Such a failure to enforce or take any course of action allowed by this Agreement shall not affect the validity of this Agreement or any rights the TPO may have pursuant to this Agreement.

SECTION XIX - INDEMNIFICATION AND INSURANCE

The certificate must contain an additional clause as follows: The TPO and its members, officers and employees, the Planning Commission and its members, officers and employees have been named as additional insured as respects general and auto liability coverage.

Upon completion of such Services, CONSULTANT shall notify the DIRECTOR, and within the above specified time period the DIRECTOR shall release the final payment, which shall constitute final acceptance of the specified individual task assignment. Final acceptance shall not constitute a waiver or abandonment of any rights or remedies available to the TPO under any other section of this Agreement.

I. PURPOSE

The Hillsborough Metropolitan Planning Organization (TPO) in cooperation with the Florida Department of Transportation (“the Department”) requires the services of a consultant(s) to provide support for staff to accomplish various transportation planning functions approved by the TPO and relating to its Unified Planning Work Program (UPWP). Many of these tasks are required by the Moving America for Progress (MAP-21) and subsequent regulations. The work involves providing assistance to staff on a work assignment basis in a variety of planning, technical, graphical, public involvement, and product review activities. The consultant shall assist the staff by providing additional resources and expertise to accomplish negotiated individual task assignments authorized by the DIRECTOR. This scope outlines the general tasks that may be assigned to consultants under a general planning consultant contract, but should not be considered exhaustive.

II. SERVICES

A. Multimodal System and Corridor Planning (UPWP Task 2)

Crash Mitigation/Congestion Management Planning – The Consultant may assist in updating the Crash Mitigation/Congestion Management Process for Hillsborough County, to be coordinated with the rest of the region and the state. This may include developing, prioritizing, and recommending safety and transportation systems management and operations (TSMO) strategies to increase mobility within corridors and sub-areas. Work also may include developing the process and metrics for monitoring crashes and congestion causes and trends countywide, identifying strategies to target key recurring issues, developing implementation plans in collaboration with other agencies and evaluating the effectiveness of implemented strategies.

May include shorter-range operational modeling and data collection using software such as VISSIM, Synchro or AIMSUM.

Smart Cities Planning - The TPO may require assistance in planning an integrated and inter-operable Intelligent Transportation System (ITS) within Hillsborough County. This may include prioritizing and recommending User Services and Market Packages identified within the Tampa Bay Regional ITS Architecture, reviewing operations, architecture, and communications to ensure that jurisdictions’ ITS operate as an integrated system, and evaluating and assessing the performance of ITS investments. The task may require the consultant to investigate historical traffic and planning data for resources to determine appropriate measures applicable to the selection and application of User Services and Market Packages appropriate for the area and consistency with National or Regional ITS Architecture. Additional tasks may involve updating the Hillsborough County ITS Master Plan and planning for emerging autonomous, connected, electric, shared-ride vehicle technology.

Security, Resilience and Emergency Management Planning – the consultant may conduct vulnerability assessments and analyze mitigation strategies, including planning-level cost estimation, economic impact and return on investments.

Complete Streets & Non-Motorized Planning – The consultant may develop plans and projects that increase and improve cycling and walking facilities, improve safety and the perception of safety, and create universal access. This may include analysis of bicycle and pedestrian crashes, analysis of multi-modal level of service or level of traffic stress, and latent demand analysis; trail and side path feasibility studies; evaluating the feasibility and preparing context-sensitive design plans and conceptual engineering for inclusion of bicycle, pedestrian, micro-mobility, landscaping, ADA and other treatments in roadway facilities; and developing maps that creatively display corridors for safe and efficient non-motorized travel. Also, provide assistance in preparing special analyses requested by the Bicycle and Pedestrian Advisory Committee, Livable Roadways Committee, and/or TPO.

Intermodal / Freight Planning – Assist the TPO with incorporating freight and goods movement needs in the transportation planning process and identifying best practices in freight and goods movement planning. Includes coordination with freight activity centers, logistics zones, seaport, airport, freight rail and intermodal facilities.

Transit and Transportation Demand Management Planning - Evaluate the need for transit and travel demand management (TDM) strategies in Hillsborough County. Prepare analyses such as: transit level of service; transit supportive areas and TOD; access to jobs and activity centers; supportive pedestrian and ADA compliant infrastructure; transit quality of service evaluation; long-term fixed guideway, bus rapid transit, and water transit concepts, ridership forecasts and cost estimation; bus service, facilities and other transit assets, flexible on-demand transit, paratransit, TDM concepts and strategies such as telecommuting, parking polies, carpools, vanpools, shared ride and mobility as a service, cost estimation and transit oriented development. Establish on-going monitoring systems to implement multi-modal level-of-service analysis.

AFFIRMATIVE ACTION PROGRAM

Purpose

The purpose of this Affirmative Action Plan is to define the equal employment opportunity policy of and establish responsibility for the program. This is done not only as a matter of compliance, but also of our belief in affording equal opportunity to all and providing an inclusive environment free of discrimination where each of us are welcomed, valued, respected, and empowered to bring our authentic selves to work every day.

This Affirmative Action Plan will also determine availability and establish goals for this location. Every good faith effort will be made to achieve these goals.

Equal Employment Opportunity Policy Statement

HDR, Inc. and its subsidiaries, hereinafter referred to as HDR, have been and will continue to be equal opportunity employers. We are dedicated to maintaining a work environment which extends equal opportunity for employment and employment-related benefits to all individuals. HDR will recruit, hire, train and promote and will insure that all personnel actions such as compensation, benefits, layoffs, terminations, transfers, education, tuition assistance, social and recreation programs and other terms, conditions and privileges of employment are administered without regard to ancestry, race, color, sex, sexual orientation, gender identity, genetic information, religion, national origin, age, creed, veteran status, citizenship status, marital status, disability status, or any other basis prohibited by law, except where these are essential bona fide occupational qualifications. Compensation for services will not be reduced because of any disability income, pension, or other benefits the applicant or employee receives from another source. Towards this objective, HDR has adopted affirmative action programs to assure equal opportunity and compliance with Federal, and local legislation.

Job qualifications for hire, promotion and transfer are established only if they are directly job-related and consistent with business necessity and the performance of the job. Any information obtained relating to a person's physical or mental condition shall be kept confidential except to extent that supervisors and managers may be informed of work limitations or reasonable accommodations necessary, first aid and safety personnel may be informed if emergency precautions, or treatment might be necessary, and information may be released to Government officials investigating compliance.

If a reasonable accommodation is needed, employees are requested to complete a voluntary disclosure form to assist HDR in identifying possible accommodations, which could enable more effective and safe performance. Reasonable accommodations such as special equipment, job restructure, modified work schedule or other accommodations will be made to enable employees to perform the essential functions of the job and to enable applicants to complete the application process, provided the accommodation does not impose an "undue hardship" on the company.

HDR will not subject employees and applicants to harassment, intimidation, threats, coercion, or retaliation because they engaged or may engage in filing a complaint or assisted in a review, investigation or hearing related to any federal, state, or local law.

HDR strongly disapproves of any form of discrimination or harassment of individuals applying for work or working at HDR, and furthermore, seeks to make employees at all levels sensitive to the issue and inform them of their equal employment rights.

Concerns or suggestions regarding HDR's Equal Employment Opportunity Policies, and their application should be directed to your supervisor, your Managing Principal, Area Manager, or William J. Manhart, Executive Vice President, Chief Human Resources Officer and Corporate EEO Officer (HDR, Inc., 1917 South 67th Street, Omaha, NE 68106, 402/399-1000). All allegations of harassment or discrimination will be investigated in as confidential a manner as possible and corrective action, including discipline or discharge, taken where appropriate. Retaliation against employees filing a complaint is strictly prohibited, as are false charges of discrimination or harassment.

All employees are encouraged to take an active role in promoting our affirmative action efforts. The Affirmative Action Program is available for your inspection during regular business hours by appointment with your Managing Principal or Area Manager.

Designation of Responsibility for Implementation

Accomplishment of the company's equal employment opportunity objectives can be achieved only through the combined efforts of all employees. Responsibility for such cannot rest solely with the CEO and Corporate EEO Officer, rather must be assumed by operating line management as well. However, it is essential that continuous informational/advisory support and program guidelines be provided to operating organizations by the corporate office. Failure in any segment of the company to maintain its EEO compliance status impairs the eligibility of the entire Company to enter federal contracts.

The Corporate office provides policy direction, procedural guidelines, legal advice, and service. The operating organizations have the responsibility for conducting activities necessary and desirable to promote Company policy and to comply with federal, state, and local regulations. Accordingly, these activities are "divisionalized" as outlined in the following:

A. Chairman and CEO and Corporate EEO Officer's Responsibilities

The primary responsibility and accountability for implementing this Affirmative Action Program rests with Eric L. Keen, Chief Executive Officer, and William J. Manhart, Chief Human Resources Officer and Corporate EEO Officer. They will provide direction on carrying out actions required to meet the Company's EEO commitment either directly to employees or through the senior management team and facility EEO manager. Responsibilities include, but are not limited to the following:

1. Act as the Company representative in relationships with EEO enforcement agencies.
2. Analyze continuously:
 - a. Federal, state, and local EEO laws and their effect on the Company
 - b. Internal and external data relative to the Company's compliance with these laws, such as current population, work force and unemployment statistics
3. Keep abreast of major developments in urban and community affairs, both nationally and within the communities where the Company operates and inform operating organizations of significant developments regarding equal employment opportunity.
4. Develop and recommend company policies, statements, programs, and procedures which will ensure:
 - a. Company compliance with antidiscrimination laws,
 - b. Continued eligibility for government contracts, and
 - c. Maintenance of the Company's role as a "good citizen" nationally and in each community where it operates
5. Provide organizations with advice and counsel on handling EEO compliance audits. Serve as the repository of expertise and knowledge in all regulatory documents and enforcement agencies. In some instances, this will include responsibility of the corporate office for complete handling of an audit at the request of or with the cooperation of the operating organization.
6. Keep management informed of current company performance and progress in equal employment opportunity.
7. Monitor hiring and promotional patterns to remove impediments to attainment of goals, objectives, and timetables to ensure minorities and women are given full opportunity.

8. Hold regular discussions with management, supervisors, and employees to be certain that policies are understood and complied with.
9. Take necessary steps to inform all managerial and supervisory personnel that their work performance is evaluated based on EEO efforts and results, as well as by other criteria.
10. Take action to prevent harassment of all employees.
11. Assist in development and implementation of Affirmative Action Programs including the establishment of goals, objectives, timetables, and the identification of problem areas.

Workforce Analysis and Job Group Analysis

Lines of Progression

Upward mobility within job groups is recognized by pay increases based on performance. No discrimination is believed to exist in pay.

Upward mobility between job groups is depicted on the chart on the chart below. A college degree is typically a prerequisite for promotion to the professional groups as adequate experience is for the management group. It is possible to start at the bottom of the ladder and work upward through the technician and clerical groups to the professional job group and on to the managers group. The company provides tuition assistance to employees who wish to enroll in job-related college or technical courses.

CERTIFICATION REGARDING DEBARMENT
SUSPENSION, AND OTHER RESPONSIBILITY MATTERS
-PRIMARY COVERED TRANSACTIONS-
(Compliance with 49 CFR. Section 29.510, Federal Aid Contracts)

Instructions for Certification:

1. By signing and submitting this certification with the proposal, the prospective primary participant is providing the certification set out below.
2. The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
3. The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause of default.
4. The prospective primary participant shall provide immediate written notice to the Department if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
5. The terms "covered transaction," "debarred," "suspended," "ineligible," "lower tier covered transaction," "participant," "person," "primary covered transaction," "principal," "proposal," "and" "voluntarily excluded," as used in this clause, have the meanings set out in the Definitions and Coverage section of the rules implementing Executive Order 12549. You may contact the department or agency to which this proposal is being submitted for assistance in obtaining a copy of those regulations.
6. The prospective primary participant agrees by submitting this proposal that, should the proposed covered transaction be entered into, it shall not knowingly enter into any lower tier covered transaction with a person who is debarred, suspended, declared ineligible, or voluntarily excluded from participation in this covered transaction unless authorized by the department or agency entering into this transaction.
7. The prospective primary participant further agrees by submitting this proposal that it will include the clause titled "Appendix B: Certification Regarding Debarment, Suspension, Ineligibility and Voluntary Exclusion - Lower Tier Covered Transaction," provided by the department or agency entering into this covered transaction, without modification, in all lower tier covered transactions and in all solicitations for lower tier covered transactions.
8. A participant in a covered transaction may rely upon a certification of a prospective participant in a lower tier covered transaction that it is not debarred, ineligible, or voluntarily excluded from the covered transaction, unless it knows that the certification is erroneous. A participant may decide the method and frequency by which is normally possessed by a prudent person in the ordinary course of business dealings.
9. Nothing contained in the foregoing shall be construed to require establishment of a system of records in order to render in good faith the certification required by this clause. The knowledge and information of a participant is not required to exceed that which is normally possessed by a prudent person in the ordinary course of business dealings.

10. Except for transactions authorized under Paragraph 6 of these instructions, if a participant in a covered transaction knowingly enters into a lower tier covered transaction with a person who is suspended, debarred, ineligible, or voluntarily excluded from participation in this transaction, in addition to other remedies available to the Federal Government, the Department may terminate this transaction for cause of default.

APPENDIX A

Additional Federal, State and Local Information

EQUAL OPPORTUNITY STATEMENT:

The TPO in accordance with the provisions of Title VI of the Civil Rights Act of 1964, hereby notifies all firms and individuals that it will require affirmative efforts be made to ensure participation by minorities in any contract for consultant services. Disadvantaged business enterprises (DBE) will be afforded full opportunity to submit proposals in response to advertisements and will not be discriminated against on the grounds of race, color, national origin, sex, age, disability, family, or religious status in consideration for an award. The TPO has a DBE participation policy statement and participates in FDOT's statewide goal.

STATE OF FLORIDA DEPARTMENT OF TRANSPORTATION DBE BID PACKAGE INFORMATION 275-030-11 EQUAL OPPORTUNITY OFFICE

DBE Utilization

The Department began its DBE race neutral program January 1, 2000. **Contract specific goals are not placed on Federal/State contracts;** however, the Department has an overall 10.65% DBE goal it must achieve. In order to assist contractors in determining their DBE commitment level, the Department has reviewed the estimates for this letting.

As you prepare your bid, please monitor potential or anticipated DBE utilization for contracts. When the low bidder executes the contract with the Department, information will be requested of the contractor's DBE participation for the project. While the utilization is not mandatory in order to be awarded the project, continuing utilization of DBE firms on contracts supports the success of Florida's DBE Program, and supports contractors' Equal Employment Opportunity and DBE Affirmative Action Programs.

Any project listed as 0% DBE availability does not mean that a DBE may not be used on that project. A 0% DBE availability may have been established due to any of the following reasons: limited identified subcontracting opportunities, minimal contract days, and/or small contract dollar amount. Contractors are encouraged to identify any opportunities to subcontract to DBE's.

Please contact the Equal Opportunity Office at (850) 414-4747 if you have any questions regarding this information.

DBE Reporting

If you are the prime contractor on a project, enter your DBE participation in the Equal Opportunity Compliance system prior to the pre-construction or pre-work conference for all federal and state funded projects. This **will not** become a mandatory part of the contract. It will assist the Department in tracking and reporting planned or estimated DBE utilization. During the contract, the prime contractor is required to report actual payments to DBE and MBE subcontractors through the web-based Equal Opportunity Compliance (EOC) system.

All DBE payments must be reported whether or not you initially planned to utilize the company. In order for our race neutral DBE Program to be successful, your cooperation is imperative. If you have any questions, please contact EOOHelp@dot.state.fl.us.

Bid Opportunity List

The Federal DBE Program requires States to maintain a database of all firms that are participating or attempting to participate on FDOT-assisted contracts. The list must include all firms that bid on prime contracts or bid or quote subcontracts on FDOT-assisted projects, including both **DBE's and non-DBEs**.

Please complete the attached Bidders Opportunity List form and submit to the MPO within 3 business days of submission of the bid or proposal for ALL subcontractors or sub-consultants who quoted to you for specific project for this letting.

DBE/AA Plans

Contractors bidding on FDOT contracts are to have an approved DBE Affirmative Action Plan (FDOT Form 275-030-11B) on file with the FDOT Equal Opportunity Office before execution of a contract. DBE/AA Plans must be received with the contractors bid or received by the Equal Opportunity Office prior to the award of the contract.

Plans are approved by the Equal Opportunity Office in accordance with Ch. 14-78, Florida Administrative Code. Plans that do not meet these mandatory requirements may not be approved. Approvals are for a (3) three year period and should be updated at anytime there is a change in the company's DBE Liaison Officer and/or President. Contractors may evidence adoption of the DBE/AA Policy and Plan and/or a change in the designated DBE Liaison officer as follows:

- Print the first page of the document on company stationery ("letterhead") that indicates the company's name, mailing address, phone number, etc.
- Print the company's name in the "____" space; next to "Date" print the month/day/year the policy is being signed; record the signature of the company's Chief Executive Officer, President or Chair in the space next to "by" and print the full first and last name and position title of the official signing the policy.
- Print the DBE Liaison's full name, email address, business mailing address and phone number the bottom of email.

E-mail the completed and signed DBE AA Plan to: **eeoforms@dot.state.fl.us**.

The Department will review the policy, update department records and issue a notification of approval or disapproval; a copy of the submitted plan will not be returned to the contractor.

PROMPT PAYMENT

The TPO will ensure that the following clause is placed in every USDOT-assisted contract and subcontract:

(A) Every contract let by the TPO for the performance of work shall contain a provision requiring the prime contractor, before receipt of any progress payment under the provisions of such contract, to certify that the prime contractor has disbursed to all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment out of previous progress payments received by the prime contractor for all work completed and materials furnished in the previous period, less any retainage withheld by the prime contractor pursuant to an agreement with a subcontractor, as approved by the TPO for payment. The TPO shall not make any such progress payment before receipt of such certification, unless the contractor demonstrates good cause for not making any such required payment and furnishes written notification of any such good cause to both the TPO and the affected subcontractors and suppliers.

(B) Every contract let by the TPO for the performance of work shall contain a provision requiring the prime Contractor, within 30 days of receipt of the final progress payment or any other payments received thereafter except the final payment, to pay all subcontractors and suppliers having an interest in the contract their pro rata shares of the payment for all work completed and materials furnished, unless the Contractor demonstrates good cause for not making any such required payment and furnishes written notification of any such good cause to both the TPO and the affected subcontractors or suppliers within such 30-day period. Each invoice on a contract with DBE participation will be required to be submitted on our standard invoice format requiring DBE breakout and the above Prompt Payment statement attached to it.

STATE of FLORIDA PUR 1000 GENERAL CONTRACT CONDITIONS

43.Cooperative Purchasing: The TPO participates in Cooperative Purchasing. Pursuant to their own governing laws, and subject to the agreement of the Contractor, other entities may be permitted to make purchases at the terms and conditions contained herein. Non-Customer purchases are independent of the agreement between Customer and Contractor, and Customer shall not be a party to any transaction between the Contractor and any other purchaser. State agencies wishing to make purchases from this agreement are required to follow the provisions of s. 287.042, F.S. This statute requires the Department of Management Services to determine that the requestor's use of the contract is cost-effective and in the best interest of the State.

ADA508 GUIDELINES FOR CONSULTANTS

Plan Hillsborough is dedicated to providing accessible documents to the public and will be requiring all consultant deliverables to follow these accessibility guidelines:

- Title and Author Chart descriptions should include what they show and the general conclusions that should be drawn. Describing colors on charts and maps is not helpful for the visually impaired, so refrain from doing that.

The PDF document must have an appropriate title and author data. Subject and keyword data are helpful but optional. See [Adobe's help page on document properties](#) for further information on how to edit document properties.

Alternate Text

All images in the PDF document must either have alternate text applied or be marked as decorative. See [Adobe's help page on alternate text](#) for further information on how to add alternate text to images. Below are some examples of images and appropriate alt text:

- Photos need a general description of what you see.
- Chart descriptions should include what they show and the general conclusions that should be drawn. Describing colors on charts and maps is not helpful for the visually impaired, so refrain from doing that.
- Simple maps should explain purpose and location and any other relevant details.
- There is no way to make a detailed map like this one fully accessible, which is where our disclaimer comes in that states to call us for help. We would then explain the map over the phone.

Reading Order

All elements in the PDF document must be in the correct reading order, that is, the order in which assistive devices should read them. See [Adobe's help page on reading order](#) for further information on how to adjust element reading order. [This video](#) also highlights how to determine proper reading order and arrange PDF tags within the document to ensure the reading order is logical.
