Meeting of the TPO Board

Wednesday, April 12, 2023 @ 10:00am
Hillsborough County Center, 601 E. Kennedy Blvd., 26th Floor

All voting members are asked to attend in person, in compliance with Florida's Government in the Sunshine Law. Please RSVP for this meeting. Presenters, audience, and members in exceptional circumstances may participate remotely.

This meeting may be viewed on Hillsborough Television (HTV) by visiting Spectrum: 637, Frontier: 22 or live stream from [Hillsborough County's Live YouTube Channel](#) or the County website's [Live Meetings](#) link, also found in the County [Newsroom](#). The agenda packet, presentations, and any supplemental materials are posted on the [TPO's online calendar](#).

Public comment opportunities:

To speak during the meeting - No later than 30 minutes before the meeting, please sign up [here](#) or phone 813-756-0371 for assistance. Provide the phone number you will call in from, so that we can recognize your call in the queue. You will receive an auto-reply confirming we received your request, along with instructions.

Comments may also be given up to 3pm the day before the meeting:

- by leaving a voice message at (813) 756-0371
- by e-mail to tpo@plancom.org
- by visiting the event posted on the [Facebook page](#).

Advance comments will be provided in full to the board members and verbally summarized during the meeting by TPO staff.

Rules of engagement: Professional courtesy and respect for others at this meeting are expected, and failure may result in dismissal from the meeting. For more information on expectations for participation, please see the TPO's [Social Networking & Media Policy](#).

Agenda

- I. Call to Order & [Pledge of Allegiance](#)
- II. Roll Call & Declaration of Quorum (Gail Reese, TPO Staff)
 - A. Vote of Consent for Remote Member Participation – *if applicable*
- III. [Approval of Minutes – March 8, 2023](#)

IV. Public Comment on Agenda Items – *30 minutes total, with up to 3 minutes per speaker. Staff will unmute you when the Chair recognizes you. As needed, the Chair may allow for additional time later in the agenda.*

V. Committee Reports and Advance Comments (Rick Fernandez, CAC Chair, Gena Torres, TPO Staff, and Beth Alden, TPO Director)

VI. Consent Agenda

A. [Committee Appointments](#)

VII. Action Items

A. [TIP Amendment: W. Boy Scout Blvd and US 301 Traffic Signalizations and Intersection Improvements](#) (Roger Mathie, TPO Staff) – *Roll-call vote required*

B. [Performance Targets for Pavement & Bridge Condition and Travel Time Reliability](#) (Connor MacDonald, TPO Staff)

VIII. Status Reports

A. [2050 Long Range Transportation Plan Initial Steps](#) (Vishaka Shiva Raman and Elizabeth Watkins, TPO Staff)

B. [Transportation Disadvantaged Program Update](#) (Joshua Barber, TPO Staff, and Jerry Stickney, Interim Director, Hillsborough County Sunshine Line)

C. [Role of the Policy Committee](#) (Beth Alden, TPO Executive Director)

IX. Executive Director's Report

- May 10: cancel Policy Committee and convene Board at 9am
- TMA Leadership Group meeting of March 24 highlights: draft MOU "[Creating a Tampa Bay MPO](#)" to be discussed at May 10 TPO meeting
- Options to accelerate [executive director hiring schedule](#)

X. Old Business & New Business

XI. Adjournment

XII. Addendum

A. Announcements

- [FL MPO Advisory Council Weekend Institute, May 5-6 in Tampa](#)

- Planning Commission “Let’s Talk About Future Land Use” [Online Survey](#) and [Public Meeting April 25, 6pm, virtual](#) for unincorporated Hillsborough County Comprehensive Plan, Future Land Use update

B. Project Summaries, Fact Sheets & Other Status Reports

- [Plan Hillsborough Newsletter](#)
- [Notice of Funding Opportunity for USDOT Charging & Fueling Infrastructure Discretionary Grant Program – local governments eligible](#)
- [FDOT Railroad Crossing Program](#)
- [FL MPO Advisory Council Legislative Tracker](#)

C. Correspondence

- [Letter of Support: Port Tampa SouthBay grant application](#)
- [Letter from FDOT: Update on Vacant Structures owned by FDOT in Ybor](#)

**HILLSBOROUGH TRANSPORTATION PLANNING ORGANIZATION BOARD
HYBRID MEETING MARCH 8, 2023
DRAFT MINUTES**

I. Call to Order, Pledge of Allegiance *(Timestamp 0:00:13)*

Commissioner Myers, called the meeting to order at 10:00 AM and led the pledge of allegiance. The meeting was held in person and virtually via WebEx.

II. Roll Call *(Gail Reese, TPO Staff) (Timestamp 0:00:42)*

The following members were present in person: Commissioner Gwen Myers, Mayor Andrew Ross, Commissioner Michael Owen (out at 10:20 AM), Commissioner Joshua Wostal, Commissioner Pat Kemp, Commissioner Henry Cohen, Councilmember Joseph Citro, Council Member Lynn Hurtak, Councilmember Guido Maniscalco, Mayor Nate Kilton, Charles Klug, Joe Lopano, Greg Slater, Adalee Le Grand, Planning Commissioner Hemant Saria

The following members were present virtually: None

The following members were absent/excused: Board Member Jessica Vaughn

A quorum was met in person.

A. Vote of Consent for Remote Member Participation.

Not necessary, no remote participation.

III. Approval of Minutes *(Timestamp 0:01:30)* – February 8, 2023.

Chair Myers sought a motion to approve the February 8, 2023 minutes. Mayor Ross so moved, seconded by Commissioner Wostal; the voice vote passes unanimously.

IV. Public Comment on Agenda Items *(Timestamp 0:01:43)* (30 minutes total, with up to 3 minutes per speaker) Additional comments made via [Social Media](#) and [Email](#) can be found at the end of these minutes.

- **Bemetra Simmons** – President and CEO of The Tampa Bay Partnership, a coalition of business owners and not-for-profit leaders. Spoke in support of a regional MPO between Pascoe, Pinellas, and Hillsborough Counties. The local conditions are prime for looking at this. Hillsborough County did not pass the transportation referendum, Representative Castor has Hillsborough and Pinellas as part of her Congressional District and the changes of control for both Hillsborough and Pinellas' Commission. The transportation need is great, there is a large population growth, transportation times are increased, and many residents already move between the counties. If the merger were to happen, it would create the largest MPO in the state. It would allow for a unified front for projects and state and federal funds. Noted that FDOT recently completed a study that showed that for every dollar that goes into the state transportation system, five dollars is returned to the state economy. Currently, with the three MPOs, it is difficult to get a consensus on projects and the funding is split. The West Shore Interchange is a good example of moving projects forward

with a unified approach. Encouraged the TPO Board to take a look at the merger of the three MPOs.

V. Committee Reports & Advance Comments (Rick Fernandez, CAC Chair; Davida Franklin, TPO Staff; and Beth Alden, TPO Executive Director) (*Timestamp 0:04:43*)

A. CAC – March 1, 2023 (Rick Fernandez, CAC Chair)

- Maintaining meetings of 2 hours from 6P – 8P. Extended invitation to Board members to attend. 14 members were in attendance.
- Approved
 - TIP Amendments on the TPO Board agenda today, HART Capital Improvements. Was presented by TPO Staff with no HART representative in attendance. Passed 8 – 6. Noted that the committee had several concerns and requested that HART attend a meeting to address the concerns. Noted some of the concerns.
 - Noted that the committee requested additional time for action items.
- Status Reports
 - Gandy Boulevard PD&E. Concerns for project purpose and need and it is based on LOS. Capacity may negatively impact bike/ped mobility and movement in West Shore. It was asked that the old portion of the bridge be repaired.
 - 2050 LRTP first steps. Develop realistic funding sources, and the possibility of areas of the unincorporated county being incorporated.
 - Regional Planning in the Tampa Bay Transportation Management Area. There was discussion around possible solutions and some members oppose a merger; it was noted that the TMA could consider a Senate model or limit the TMA scope to regional focus only.

B. TAC – March 6, 2023 (Davida Franklin, TPO Staff)

- Approved
 - TIP Amendment, HART Capital Improvements.
- Status Reports
 - Tampa Hillsborough Expressway Authority Connected Vehicle Pilot Study.
 - Florida Department of Transportation Rail System Plan and MPOAC Freight./Rail Committee Updates.
 - Received an update on the City of Tampa’s Safe Streets for All Grant Implementation Program.

C. LRC – February 15, 2023 (Davida Franklin, TPO Staff)

- Status Reports
 - 2023 Safety Performance Targets
 - Hillsborough County Van Dyke Road PD&E and Design Project
 - The City of Tampa Micromobility Update
 - FDOT Resurfacing, Restoration, and Rehabilitation Safety Improvement Process
 - Gandy Boulevard Bridge PD&E

D. BPAC – February 22, 2023 (Davida Franklin, TPO Staff)

- Status Updates
 - The City of Tampa Micromobility Update
 - FDOT Resurfacing, Restoration, and Rehabilitation Safety Improvement Process

- Walk Bike, Safety Outreach on HIN with Geofencing
- 2023 Safety Performance Targets
- Gandy Boulevard Bridge PD&E

E. TDCB – February 24, 2023

- Action Items
 - Attendance Review and Election of Officers
 - TD Legislative Day Message
 - McClain Inc., Coordination Contract
- Status Reports
 - Sunshine Line Update
 - 2050 Long Range Transportation Plan Initial Steps

F. TPO Policy – March 8, 2023 (Beth Alden, TPO Director)

- Developed proposed methodology to recruit for the Executive Director position. Meghan Betourney walked through the methodology. A timeline and job description were provided. Noted that volunteers are being sought to interview the position finalists. Looking for an odd number of panelists.

Discussion:

It was asked if there is going to be a large enough pool of applicants based on the qualifications. Some of the preferred qualifications were moved from required. It was noted that the timeline may preclude a relocation candidate with children and move it up if possible. The Policy Committee noted that they would like additional overlap as well. On the minimum qualifications, it was noted that candidates may not be part of an MPO or FDOT planning function experience. It was suggested that “other relevant experience” be added to the requirements in order to have a larger pool. It was noted that MPO planning is very specific and that someone with that experience is needed. The suggested language following the five years experience part, the words “or equivalent” be added. It was noted that this position is about leadership and that the MPO or FDOT requirement should be moved to preferred. It was brought up that it would be good to have a member of the CAC on the hiring committee. Mr. Clark noted that all discussions will need to be in the Sunshine; there is no problem with that but the TPO Board needs to have full confidence in the hiring panel. It was decided that there would be public comment allowed during the hiring process.

The interview panel will consist of: Mayor Ross, Commissioner Myers, Commissioner Wostal, Councilmember Hurtak, Melissa Zornita

Suggested that Item B from the Consent Agenda be pulled off the consent agenda. The required qualification bullet point “a minimum requirement of five years of experience at an MPO or an FDOT Planning Function” be moved to preferred qualifications and add “or equivalent”.

Commissioner Cohen moved to incorporate the noted changes into the job description and to approve the plan for an Executive Director Search, second by Councilmember Maniscalco. The roll call vote passed 14 – 0.

G. Public Comments Received Through Email & Social Media (Davida Franklin, TPO Staff)

Comments received through email and social media

- Regarding the TIP amendment for HART Bus Stop Capital Improvements
 - **Mike Lamarca** - Are the current bus stops not part of HART CapEx?
 - **Hillsborough TPO** - Hey Mike! Good question! We have someone contacting HART for an answer and should have one soon. Thanks for asking! ~Davida
 - **Hillsborough TPO** - Hi again Mike! I have an answer: Current bus stops are part of HART CapEx. The \$5 million just speeds up the timeline for some stops. ~Davida
- Other comments:
 - Question about the Board's decision to withdraw the Reconnecting Communities Grant application
 - Concern about the way the meeting minutes reflect the decision to withdraw the grant
 - Opposition to Hillsborough County's participation in the discussion and business of merging or consolidating with other TPOs in the Tampa Bay Area.
- **Please note: Attachments referenced by the public commenters are included in the email Cheryl Wilkening sent to board members on March 7, 2023.** A copy of this information is available on request.

VI. Consent Agenda (*Timestamp 0:40:38*)

A. Committee Appointments

- TDCB – Deborah Lekenta (Local For-profit Transportation), Brett Gottschalk (Agency for Person with Disabilities)
- LRC – Brynn Dauphinais (Hillsborough County Development Services)

B. Wildlife Crossings Letter of Support and Coordination

C. Bylaws Amendment for Citizens Advisory Committee

Motion to approve the Consent Agenda made by Commissioner Cohen, seconded by Councilmember Maniscalco; the voice vote passed unanimously.

VII. Action Items

A. TIP Amendment: HART Bus Stop Capital Improvements (Roger Mathie, TPO Staff) (*Timestamp 0:41:10*)

- Reviewed project summary – additional \$5 million for bus stop improvements.
 - Went over dollar itemization.
 - Went over some of the ADA improvements proposed.
- Went over Public Outreach of this amendment.

Recommended Action: Approve TIP Amendment to add new federal funds for HART Bus Stop Capital Improvements and forward to the TPO Board for approval.

Presentation: [TIP Amendments February 2023](#)

Discussion:

It was noted that bus stop improvements are often thought to be a City Council item. These improvements are important for ADA but for general improvement. It was brought up that these improvements are desperately needed and are overdue. It was asked if there is a list of the first projects slated or if requests can be put in. Dwayne Brown from HART noted that there is a list of projects, ten are currently in design and those can be provided. Requests can be made and those will be taken into consideration. The priority is safety and also in ADA compliance. It was asked when additional funding can be expected. Each year there is a BTI budget each year; it is broken into separate categories including shelters. Ms. Le Grand stated that there are several priorities that have to be taken into consideration including safety and ADA compliance. In the five-year capital plan, there is funding every year toward this program. This is an ongoing program looking at aging facilities, an uptick in ridership, and stops that will be removed from the system. It was noted that it is going to take an additional \$30 million to really address the challenge of bus stops.

Councilmember Maniscalco moved to approve the TIP Amendments; seconded by Commissioner Kemp. Roll call vote passed 14 – 0.

B. General Planning Consultant Selection & Authorization to Negotiate (Meghan Betourney, TPO Staff) *(Timestamp 0:53:40)*

- Went over the purpose of the 2023 Consultant Procurement – complying with FHWA and FDOT direction, contracts will run through June 30, 2025.
- Review of the procurement process – call for GPCs ran for a month, early January to February 2023; 16 responses; 9 recommendations.
- Recommended Consultants

○ AECOM	○ Atkins	○ Benesch
○ Cambridge Systematics	○ Fehr & Peers	○ Gresham Smith
○ HDR	○ Kittelson	○ Mead & Hunt

- Sub-consultants

○ Madrid CPWG	○ Media Relations Group, LLC	○ Patel, Greene & Associates, LLC
○ Urban Planning Innovations, LLC	○ Vrana Consulting, Inc.	○ Wey Engineering, Inc
○ Gresham Smith, Inc.	○ RS&H, Inc.	○ EXP
○ Pritchett Steinbeck Group	○ All Traffic Data	○ WSP
○ Element Engineering Group	○ Greenman-Pedersen, Inc.	○ National Data & Surveying Services
○ CTS Engineering, Inc.	○ S&ME	○ Urban Planning Innovations

○ Iteris, Inc.	○ Kimley-Horn & Associates	○ Stantec
○ InNovo	○ The Valerin Group	○ Adams Traffic, Inc.
○ Crawford, Murphy & Tilly	○ SB Friedman Development Advisors, LLC	○ Vistra
○ Quality Counts	○ Environmental Science Assoc.	

- Next Steps
 - Authorize staff to negotiate a contract with each of the recommended nine firms
 - Negotiated contracts will come back to the Board for approval, either t the May 10th or June 14th meetings

Recommended Action: Recommend the TPO authorize staff to negotiate a contract with each of the top-rated nine firms.

Presentation: [General Planning Consultant Selection & Authorization to Negotiate](#)

Councilmember Maniscalco moved to authorize staff to negotiate a contract with of the top-rated nine firms; seconded by Joe Lopano. The voice vote passes unanimously.

VIII. STATUS REPORTS

- A. **Regional Planning in the Tampa Bay Transportation Management Area (TMA)** (Elizabeth Watkins, TPO Staff) (*Timestamp 0:57:39*)
- The urbanized areas around Hillsborough County are growing and beginning to blend with each other.
 - Regional transportation planning coordination between Tampa-St. Petersburg Transportation Management Area since the early 1990s – Sun Coast Transportation Planning Alliance (SCTPA)
 - Went over the history of the SCTPA
 - The TMA Leadership Group is a subcommittee of the SCTPA which includes elected officials from the Hillsborough, Pasco, and Pinellas MPO/TPOs
 - Interlocal agreement between the Hernando, Hillsborough, Pasco, and Pinellas MPO/TPOs specify the roles and responsibilities of the regional planning process such as:
 - Regional long-range transportation plan with needs and affordable projects
 - Regional project prioritization process and ranked order list
 - Air quality consultative process
 - Regional public involvement plan
 - Annual evaluations of the regional process as a part of the annual MPO/TPO certifications
 - The March 24th TMA Leadership Group – will discuss regional transportation planning and the preliminary investigation of merging the Hillsborough, Pasco, and Pinellas MPO/TPOs.
 - Looked at the potential timeline.
 - Went over several topics of consideration.
 - Review of a proportional representation scenario.

Presentation: [Regional Planning in the Tampa Bay TMA](#)

Discussion:

There was discussion about how Tampa International Airport, Port Tampa Bay, and THEA have been planning for regional use and have seen a lot of success, use, and growth. Tourism and business are important locally as well as regionally. FDOT has done research on MPOs. They found that the federal government prefers regional MPOs but defers to the state to allow more than one. There are 27 MPOs in Florida, a few that encompass multiple counties and a couple that span state lines. The merging of MPOs can happen when the state dictates or when 75% of the area agrees. When District 7 goes in for funding, they come in county-by-county. If the legislature passes a bill to consolidate, it must be done. It was brought up that funding goes to areas that come in with higher volume and more people. Right now, the counties are competing for grant money, like HART and PST are doing. But there is no regional vision at this time. There was conversation around the makeup of a merged MPO Board and where it would be housed; that it would make sense to have it located in Hillsborough County at County Center. Additional conversations were had around funding that has been promised but not provided and how with a merger the municipalities and non-business centers in the county will not receive priority or funds. There was also concern expressed that the only solutions receiving attention are for bigger and more roads and not other transit options. It was noted that the current model is not working; business is important, but the focus has to be on the residents and smaller projects that make a big impact. The area is getting more crowded and more unsafe yet moving towards a true transit alternative has never been possible. The City of Tampa is looking to have its own option for funding transportation by way of a referendum. There was concern about having county money moved to other governments to fund projects. Mr. Clark clarified that there are 16 members on this Board. Under state law, an MPO is capped at 25 members. There is a lot of flexibility in the membership of Boards including municipalities with populations of more than 50,000. The School Board and Authorities are flexible, they can be on the Board but are not required. Central cities are required to be on the Board. There has been no bill filed at this time.

- B. **2050 Long Range Transportation Plan Initial Steps** (Vishaka Shiva Raman and Elizabeth Watkins, TPO Staff) – *deferred*.

IX. EXECUTIVE DIRECTOR'S REPORT (Timestamp 1:53:42)

- A. Next TMA Leadership Group meeting: March 24, 2023, Starkey Ranch Library and Theater. Today's discussion has given Ms. Alden better direction of how to proceed at the meeting. Looking for in-person participation and cannot accommodate remote.
- B. LRTP will come back in April. Funding for transportation improvements is part of the initial steps. Will also talk about growth forecasts and needs assessments.
- C. Need to get into the update for the list of priorities for the TIP and would like to set aside the Policy meeting for that.
- D. UPWP will come up in May.

X. OLD & NEW BUSINESS (Timestamp 1:57:14)

- A. Next meeting is on April 12, 2023.

B. Congratulated Cameron Clark on his recent promotion within the Attorney's Office.

XI. ADJOURNMENT – The meeting adjourned at 11:57 AM

The recording of this meeting may be viewed on YouTube: [Meeting Recording](#)

DRAFT

Hillsborough TPO
Transportation
Planning Organization

Committee Reports

Livable Roadways Committee (LRC) Meeting on March 22

The LRC heard public comment and status reports on:

- Public Comment on 2022 Bicycle Boulevard presentation
- Bicycle Boulevard Special Presentation and Public Comment on last year's Bike Blvd
- Walk, Bike Safety Outreach on High Injury Network with Geofencing
- Connected Vehicles Pilot Results
- City of Tampa Quick Build Program

Bicycle Pedestrian Advisory Committee (BPAC) Meeting on March 22

The BPAC heard status reports on:

- Bicycle Boulevard Special Presentation
 - ~~MC~~ suggested that some of the proposals could be incorporated into the City of Tampa Quick Build Program
 - BPAC members asked about the potential for the proposed bike boulevard network to be expanded outside the 15-mile radius presented and were told that this is already underway.
- City of Tampa Quick Build Program
 - Committee members pointed out that cars parking on Cass Street, particularly concrete trucks, are slowing bicyclists and pedestrians down.
 - Members also asked about the limited extent of the bike lane on the Cass Street Bridge and were told that the lane does not extend the entire way due to the cycle track on the other side of the bridge.
 - BPAC members asked about future projects and the funding source of the project and were informed that projects for Main Street and 14th Street are underway, and that the funding will come from grant money and CIP funds.
 - BPAC members asked if bike boulevards would be part of the project and were told that they will be; Gray Street and other projects are being worked on.

- 2050 Long Range Transportation Plan Initial Steps
 - BPAC members had no major questions or comments on this item.

Technical Advisory Committee (TAC) Meeting of April 3

The TAC did not achieve a quorum, but heard reports on the following action items:

- TIP Amendment: W Boy Scout Blvd and US 301 Traffic Signalization and Intersection Improvements
 - No questions but comments noted the need at Boy Scout and Harney Rd/US 301
- Performance Targets for Pavement and Bridge Condition Travel Time Reliability
 - No questions or comments

The TAC heard Status Reports on:

- Hillsborough TPO Electric Vehicle Infrastructure Plan (EVIP)
 - Several questions and comments were received and answered.
 - Airport has several chargers, and they have heavy utilization. Also, Hertz is coming into an electric heavy fleet and they will need more chargers
 - Question: Is ADA compliance required for parking spaces? Still working this out
 - Question about number of levels 2 vs. 3 and why there are more level 2s. Answer - Level 3s may be more expensive to install.
 - Noted that private facilities are seeming to provide most chargers currently. The plan is for more public. Should we be pursuing grants for implementation?
- 2050 Plan Needs Assessment for Congestion Management and Crash Mitigation
 - Q: How do safety improvements fit with other types of projects? A: Implementing agencies try to include safety components with other types of projects as well.

Citizens Advisory Committee (CAC) Meeting of April 5

A verbal report will be provided at the meeting.

Intelligent Transportation Systems Committee (ITS) Meeting of April 6

A verbal report will be provided at the meeting.

Hillsborough TPO Transportation Planning Organization

Board & Committee Agenda Item

Agenda Item

Committee Appointments

Presenter

None – Consent Agenda

Summary

The Livable Roadways Committee (LRC) shall be composed of representatives of local government departments, transportation agencies and other organizations. They may be elected officials, appointed officials, organization members, designated representatives or staff, but may not be staff or consultants to the TPO.

The following have been nominated to serve on the LRC:

- Larry Josephson, by Hillsborough Co. Public Works, and Anna Grundmann, as alternate
- Rebecca Hessinger, by Hillsborough County Development Services

The Bicycle/Pedestrian Advisory Committee (BPAC) shall be responsible for making recommendations to the MPO, Hillsborough County, City of Tampa, City of Plant City, City of Temple Terrace, the Hillsborough County Environmental Protection Commission, the Florida Department of Transportation, the Southwest Florida Water Management District, and others, on matters concerning the planning, implementation and maintenance of a comprehensive bikeway and pedestrian system. In addition, the BPAC shall be responsible for studying and making recommendations concerning the safety, security, and regulations pertaining to bicyclists and pedestrians.

The following have been nominated to serve on the BPAC:

- Abigail Flores, by Hillsborough County Public Works, and John Merine, as alternate
- Daniel Rodriguez, by HART

The Intelligent Transportation Systems (ITS) Committee is responsible for assisting in the development of Intelligent Transportation System planning work programs, as well as reviewing ITS related studies, reports, plans, projects.

The following have been nominated to serve on the ITS Committee:

- Bryan Zayas, by Hillsborough County

Plan Hillsborough
planhillsborough.org
planner@plancom.org
813 - 272 - 5940
601 E Kennedy Blvd
18th floor
Tampa, FL, 33602

The *Technical Advisory Committee (TAC)* shall be responsible for considering safe access to schools in the review of transportation project priorities, long-range transportation plans and transportation improvement programs and shall advise the MPO on such matters. In addition, the TAC shall be responsible for assisting in the development of transportation planning work programs; coordinating transportation planning and programming; review of all transportation studies, reports, plans and/or programs, and making recommendations to the TPO that are pertinent to the subject documents based upon the technical sufficiency, accuracy, and completeness of and the needs as determined by the studies, plans and/or programs. The following have been nominated to serve on the TAC:

- Omar Alvarado, as alternate by HART

The *Citizens Advisory Committee (CAC)* shall be responsible for providing information and overall community values and needs into the transportation planning program of the TPO; evaluating and proposing solutions from a citizen's perspective concerning alternative transportation proposals and critical issues; providing knowledge gained through the CAC into local citizen group discussions and meetings; and establishing comprehension and promoting credibility for the TPO Program. CAC members serve two-year terms. The following have been nominated or volunteered to serve on the CAC:

- Steven Hollenkamp, by Plant City Commission
- Christina Bosworth, a resident of the Wimauma area, to fill a new at-large seat
- Sarah Thomas, a resident of the Brandon area, to fill a new at-large seat
- Kit Werremeyer, a resident of the Valrico area, to fill a new at-large seat
- Chris Vela, a) American Indian resident, to fill a new at-large seat
- Chris Gonzalez, a Hispanic resident, to fill a new at-large seat

Recommended Action

That the TPO Board confirm the above nominations

Hillsborough TPO Transportation Planning Organization

Board & Committee Agenda Item

Agenda Item:

TIP Amendment: W Boy Scout Blvd and US 301 Traffic Signalizations and Intersection Improvements

Presenter:

Roger Mathie, TPO Staff

Summary:

This TIP amendment will impact two projects, noted below:

- 449852 - 1 Boy Scout Blvd signalization, lighting, signage, and pavement markings
- 450693 - 1 US 301 signalization, lighting, signage, and pavement markings

The intersection of W Boy Scout Blvd at Manhattan Ave is one of the top safety priorities identified in the TIP priority list. The newly programmed funds will signalize the intersection and stripe it appropriately to allow for safer traffic flow. Traffic signals will offer emergency vehicle preemption to accommodate responses from the nearby fire station. Other improvements include pedestrian crossings, new lighting, and signage.

Three intersections along US 301 – Harney Rd, Stacy Rd, and McIntosh Rd - will be signalized. Additional improvements include new lighting to enhance the safety of bicyclists and pedestrians, and crosswalks to facilitate access to the Fort King Trail.

These projects will not be accelerated into the FY23 TIP but will instead be programmed in FY24. The purpose of this TIP Amendment is to secure federal authorization from FHWA and approve the FY24 funding amount prior to the estimated letting date of the projects, which is tentatively scheduled for November 15, 2023.

Recommended Action:

Approve the TIP Amendment to add new federal funds for W Boy Scout Blvd & US301 traffic signalization and intersection improvements.

Board & Committee Agenda Item

Agenda Item:

Performance Targets for Pavement & Bridge Condition and Travel Time Reliability

Presenter:

Connor MacDonald, TPO Staff

Summary:

Under MAP-21 and FAST Act legislation, the Federal Highway Administration (FHWA) requires state DOTs and MPOs to adopt performance targets for pavement and bridge conditions and travel time reliability-related measures every four years.

The *Pavement & Bridge* condition rule from the FHWA became effective on May 20, 2017, and established performance measures to assess the condition of pavements and bridges on the National Highway System (NHS). The rule requires State DOTs and MPOs to set targets related to the percentage of pavements on the Interstate System in both good and poor condition, the percentage of pavements on the Non-Interstate NHS system in both good and poor condition, and the percentage of NHS bridges in both good and poor condition.

On December 16, 2022, FDOT established the following 2025 targets for which TPO staff is recommending that we support:

- Interstate NHS Pavements: $\geq 60\%$ in Good condition
- Interstate NHS Pavements: $\leq 5\%$ in Poor condition
- Non-interstate NHS Pavements: $\geq 40\%$ in Good condition
- Non-interstate NHS Pavements: $\leq 5\%$ in Poor condition
- NHS Bridges: $\geq 50\%$ in Good condition
- NHS Bridges: $\leq 10\%$ in Poor condition

The System Performance rule from the FHWA became effective on May 20, 2017. This rule establishes performance measures to assess the travel time reliability on the NHS. Specifically, the rule requires DOTs and MPOs to set targets related to the percentage of the Interstate network considered reliable for vehicles, the percentage of non-Interstate NHS considered reliable for vehicles, and the percentage of the Interstate network deemed reliable for freight.

On December 16, 2022, FDOT established statewide targets for these measures. While the Hillsborough TPO supports the statewide goal of improving travel time reliability, staff is recommending the TPO to establish the following targets based on existing levels of investment in congestion mitigation projects and forecasts of future traffic conditions:

Plan Hillsborough
planhillsborough.org
planner@plancom.org
813 - 272 - 5940
601 E Kennedy Blvd
18th floor
Tampa, FL, 33602

- Interstate Level of Travel Time Reliability: $\geq 65.6\%$
- Non-Interstate NHS Level of Travel Time Reliability: $\geq 90.1\%$
- Interstate NHS Truck Travel Time Reliability Index Score: ≤ 1.94

The TPO Board prioritizes projects for funding, including those identified in the State of Good Repair and Smart Cities categories, which may improve the condition of pavements and bridges, and system reliability. By approving the recommended action, the TPO will commit to continue prioritizing projects in the Transportation Improvement Program that can make progress toward achieving the aforementioned performance targets.

Recommended Action:

Approve the Pavement & Bridge Condition and System Performance Targets and support communication to FDOT and TMA Leadership Group.

RE: Performance Targets for Pavement & Bridge Condition and System Performance Measures

Dear Mike,

On April 12, 2023, the Hillsborough Transportation Planning Organization established performance targets for the Pavement & Bridge Condition and System Performance Rules to comply with the requirements of the MAP-21 and FAST Act.

The Hillsborough TPO agreed to support FDOT's statewide pavement & bridge condition targets, while electing to set its own system performance targets for travel time reliability, as indicated below:

- $\geq 65.6\%$ Interstate Travel Time Reliability
- $\geq 90.1\%$ Non-interstate NHS Travel Time Reliability
- ≤ 1.94 Truck Travel Time Reliability Index

With this action, the TPO is agreeing to plan and program projects in the Transportation Improvement Program that will, once implemented, make progress toward achieving the adopted targets.

We support the efforts of FDOT to implement performance-based planning and programming. We believe that these measures provide a uniform calculus by which to identify both strengths and weaknesses of the national transportation system, to increase accountability and transparency of the Federal-Aid Highway Program, and to improve decision-making through performance-based planning and programming.

In recognition of the exemplary efforts made by FDOT District 7 to maintain NHS pavements & bridges in a condition which exceeds the statewide target, we write to request that our District 7 partners continue to maintain these vital assets in a good state of repair. We also request that funding be made available in the FDOT Work Program to support operational and other improvements which may alleviate bottlenecks and improve travel time reliability on the National Highway System. A number of projects which could make a difference, and which are ready for funding

and implementation, are identified on the Hillsborough TPO's Transportation Improvement Program priority list, which is attached for reference.

Sincerely,

Beth Alden, AICP
TPO Executive Director

Board & Committee Agenda Item

Agenda Item:

2050 Long Range Transportation Plan Initial Steps

Presenters:

Vishaka Shiva Raman and Elizabeth Watkins, TPO Staff

Summary:

The Long Range Transportation Plan (LRTP) for Hillsborough County is a blueprint for the future, and it conveys Hillsborough County's transportation vision and priorities. Federal law requires LRTPs to be updated every five years, therefore the 2050 LRTP must be adopted by November 2024.

TPO and Planning Commission staff have thus far prepared the base year population and job data, which are the building blocks of the LRTP. This data will inform future population and employment estimates, development trends, and the transportation demand model. In addition, TPO staff and consultants have begun work on forecasting revenues that will be available for transportation through the year 2050, as well as updating some of the Needs Assessments, including congestion management, crash reduction, freight, and public health.

Staff will present an overview of the LRTP process, and what to expect next.

Recommended Action:

None. For information only.

Agenda Item:

Transportation Disadvantaged Program Update

Presenter:

Joshua Barber, TPO staff, and Jerry Stickney, Interim Director, Hillsborough County Sunshine Line

Summary:

The Hillsborough County Transportation Disadvantaged (TD) program provides needed transportation to those who do not have the means or ability to transport themselves and are dependent on others to obtain access to health care, employment, education, shopping, and other life sustaining activities.

This status report will provide an overview of the TD program including roles and responsibilities of the TPO Staff, Local Coordinating Board, TPO Board, and Sunshine Line. In addition, it will provide an overview of the results of the last evaluation of the Community Transportation Coordinator, the Sunshine Line, as well as current projects and areas of focus for the program.

Recommended Action:

None; for information and discussion

Hillsborough MPO Metropolitan Planning for Transportation

Board & Committee Agenda Item

Agenda Item

Role of the Policy Committee

Presenters

Beth Alden, TPO Director

Summary

According to the TPO Bylaws, the TPO Policy Committee shall be responsible for the review and in-depth discussion of items and issues proposed to come before the TPO and for development of recommendations to the TPO, as appropriate, regarding such items and issues in order to facilitate the accomplishment of the TPO's responsibilities to manage a continuing, cooperative and comprehensive transportation planning process and the development of transportation plans and programs.

Since this statement of purpose is broad, with this year's change in membership and leadership on the TPO Board it is appropriate to revisit what topics will be examined by the Policy Committee and what will be discussed at a meeting of the full Board.

This agenda item will be first discussed by the Policy Committee and then by the full Board, to seek consensus.

Recommended Action

None. For information and discussion.

Prepared By

Beth Alden, TPO Director

Attachments

1. Summary of Peer MPOs' Policy Committees
2. Upcoming topics at the TPO Board & Policy Committee

Summary of Peer MPOs' Policy Committees

Forward Pinellas Legislative Committee ([website](#))

- Monthly meetings
- Purpose - Prepares legislative priority positions, monitors active legislation, and discusses a range of potential concerns and issues related to state and federal legislative affairs.
- Recent Agenda Items:
 - Reviewed transportation, housing, and other bills of interest in the Florida Legislative session
 - Follow-up to Florida Politics Essay on Pedestrian Underpasses
 - Draft Bill Language for Virtual Meeting Participation
 - Reviewed State Legislative Committee Members

Broward MPO Executive Committee ([website](#))

- Monthly meetings
- Purpose - Review the agendas and discuss current and future projects and initiatives. The results of these discussions are greater understanding and closer coordination between the leadership of the MPO Board and the Executive Director.
- Recent Agenda Items:
 - Authorize execution of an Expenditure Piggy Backing on an Existing State of Florida Contract for Temporary Staffing Services of a Finance/HR/Administrative Position
 - Local funding contributions for MPO activities
 - Review MPO agenda items and future agendas
 - MPOAC Weekend Institute; and
 - Legislative Update.

Palm Beach TPA Executive Committee ([website](#))

- Meets as needed (met 8 times in 2022)
- Purpose –
 - Review and recommend updates to the TPA's Strategic Plan for consideration by the Governing Board;
 - Review and recommend content related to other TPA initiatives, policies, and procedures,
 - Participate in TPA procurement selection committees as requested by the Executive Director;
 - Review the TPA Executive Director's performance or as necessary to facilitate the process of hiring a new Executive Director, and
 - Undertake other tasks as may be assigned by the Governing Board.
- Recent Agenda Items:
 - Amendments to operating and personnel procedures
 - Palm Beach County School District Membership on TPA Governing Board
 - Approval of TPA Governing Board and Advisory Committee meeting dates

Upcoming topics at the TPO Board & Policy Committee

April

Policy Committee: Workshop on TIP Priority List

Overview of how projects are developed and delivered by Justin Hall, FDOT

Overview of current prioritization method by Johnny Wong, TPO

Brief presentation by local governments and HART about this year's project requests

Discussion of the role of the Policy Committee

Board

Action: TIP Amendments for traffic signals on Boy Scout Blvd and on US 301

Action: Review performance targets for pavement & bridge condition and travel time reliability

Status: Long Range Plan Initial Steps – growth forecasts and revenue forecasts

Status: TD program annual check-in with the board

If time: THEA's Strategic Blueprint and CV Pilot Project Results

May

Policy Committee – No meeting

Board – Longer meeting, 9am-noon

Action: Annual certification of Metropolitan Transportation Planning Process

Action: Annual update of Unified Planning Work Program & Budget, with EPA grant contracts

Action: Approval of contracts with General Planning Consultants (nine consultants, two years)

Action: Approval of MOU with Forward Pinellas and Pasco MPO to investigate a regional merger

Status: FDOT PD&E study of US 41 (50th St) overpass at CSX rail crossing near Causeway Blvd

If time: New Plan Hillsborough website

June

Policy Committee – No meeting

Board – Annual 6pm public hearing on the TIP

Action: Approve shortlist of Executive Director semifinalists for panel to interview

Open public hearing and hear comments

Action: Approve 5-year TIP including newly funded projects and updated priority list

Plan Hillsborough Strategic Plan joint board workshop on June 16

Sun Coast Transportation Planning Alliance and TMA Leadership Group on June 23

July

Board: summer recess

Policy Committee: Executive Director interview panel to interview semifinalists virtually (no action)

August

Policy Committee

Action: Discuss and select 2 or 3 E.D. candidates to recommend the Board interview in person

Board

Action: Accept Policy Committee recommendation of E.D candidates to interview

Action: Accept report on 2050 Plan Revenue Forecast

Action: Accept report on 2050 Plan Needs Assessment for Congestion Mgt. & Crash Mitigation

Action: Approve Hillsborough Electric Vehicle Infrastructure Plan

Action: Approve Hillsborough County Bicycle Network Evaluation

September

Policy Committee – No meeting

Board – Longer meeting, 9am-noon

Action: Approve TIP Amendments to roll-forward unspent funds to new fiscal year

Action: Accept report on 2050 Plan Needs Assessment for Goods Movement & Truck Route Plan

Action: Interview Executive Director finalists and rank them

Other items may be scheduled

October

Policy Committee

Workshop on financial scenarios for 2050 Plan, i.e. scenarios to consider gathering public feedback about during 2024

Board

Action: Approve TIP Amendments (probable)

Action: Accept report on 2050 Plan Needs Assessment for Good Repair & Resilience

Action: Accept report on 2050 Plan Needs Assessment for Real Choices

Creating a Tampa Bay Metropolitan Planning Organization

Memorandum of Understanding

Among

The Hillsborough Transportation Planning Organization, The Pasco Transportation Planning Organization and Forward Pinellas

Updated Working Draft

March 27, 2023

Whereas, the Hillsborough Transportation Planning Organization (TPO), the Pasco County TPO and Forward Pinellas (the “Parties”) collectively desire to create a Tampa Bay Metropolitan Planning Organization (MPO) to improve regional transportation planning and define regional transportation priorities by entering into the Memorandum of Understanding (MOU);

Whereas, the Tampa Bay metropolitan area of Pasco, Pinellas and Hillsborough County has a combined population of 3.5 million and is projected to grow by more than one million people over the next 20 years;

Whereas, the Pasco, Pinellas and Hillsborough County MPOs or TPOs all function within the single Tampa-St. Petersburg Urban Area that covers much of the population within all three counties;

Whereas, since 1990 the State of Florida has requested that the three MPOs in the urban area consolidate into a single MPO unless they can sufficiently justify why they need to remain separate due to their complexity, unique conditions, and diversity within the region while also fostering a strong cooperative regional transportation planning process that addresses shared data, identifying regional needs, coordinated project development, and establishment of regional transportation priorities;

Whereas, the West Central Florida Chairs Coordinating Committee is established in state statutes (now Sun Coast Transportation Planning Alliance or SCTPA) and has interlocal agreements among the six MPOs serving the broader West Central Florida region and a subcommittee known as the Tampa Bay Transportation Management Area Leadership Group (TMA LG) serving the Pasco, Pinellas and Hillsborough MPOs that establish such a regional coordination and prioritization process;

Whereas, the pending sunset of the Tampa Bay Area Regional Transit Authority (TBARTA) will leave a void in regional transportation planning and project development, without dedicated staff and a governing board assigned to advance regional transportation activities and priorities;

Whereas, the process for forming a new regional MPO involved a number of steps to create required establishing planning documents as well as changing the hosting arrangements and MPO boundaries. As there is little precedent in Florida to rely on for guidance regarding de-designating an MPO, it will be important from a federal transportation funding cashflow to have a new MPO fully up and running at such time as existing MPOs are de-designated;

Whereas, MPOs receive federal planning funds through quarterly reimbursement that come with federal and state restrictions on how those funds may be used, there will need to be a substantial and long-term local commitment to provide sustainable and flexible funding for a regional MPO to be effective;

Whereas, the Florida Department of Transportation has committed through its approved Planning Funds (PL) distribution formula in 2014 that any MPOs in Florida that merge will continue to receive the base amount of PL due to each MPO prior to the merger.

NOW, THEREFORE, IN RECOGNITION OF THE FOREGOING, the involved MPOs hereby jointly understand, agree and commit as follows:

ARTICLE 1. PURPOSE

The purpose of this MOU is to document the mutual understanding between the Parties and to set forth the terms for their cooperation.

ARTICLE 2. AGREEMENTS AND OBLIGATIONS OF THE PARTIES

- A. The Pasco, Pinellas and Hillsborough County MPOs agree to investigate the formation, organizational and governance structure of a new regional MPO to serve the urban area of Pasco, Pinellas and Hillsborough Counties as reflected by the 2020 Census, with the goal of certifying the MPO by July 1, 2027. Other key steps toward formation may occur sooner than that date.
- B. A regional MPO serving these counties will augment and enhance the current functions of the existing MPOs in the urban area as currently represented by the Pasco MPO, Forward Pinellas and the Hillsborough TPO. It is important that while a regional MPO may provide a stronger and more collaborative regional focus and planning process that at the same time the existing long range transportation planning responsibilities be maintained at the county level for sub-regional, jurisdiction focused projects to avoid creating a local void in planning and technical assistance activities.
- C. A regional MPO must reflect proportional representation on its governing board based on the population of local governments within the MPO planning boundary, consistent with Florida Statutes that place requirements on the total number of voting members and the percentage that must represent the respective Boards of County Commissioners.
- D. The governance structure of a regional MPO may include representatives of transportation agencies as voting members, but their inclusion will reduce the number of local government elected officials as voting members on the governing board.
- E. Outreach to all local governments in the Metropolitan Planning Area is an important step in the regional MPO formation process and individual MPOs will develop a coordinated presentation and engagement strategy to fully inform and seek input from all affected local governments.

- F. The formation and certification of a new regional MPO will require the creation and adoption of multiple planning, development and policy documents for the region that are consistent with federal and state laws and regulations, including:
 - a. Apportionment Plan that describes to voting representation of the MPO's regional planning boundary and member local governments
 - b. Unified Planning Work Program (a two-year budget of planning activities)
 - c. Long Range Transportation Plan (20-25 year financially feasible plan for transportation)
 - d. Public Participation Plan (how it will involve the public in decision-making)
 - e. Transportation Improvement Program (a five-year work plan for transportation projects with funding by phase)
 - f. Congestion Management Process (a strategic means of evaluating the causes and strategies for improving traffic congestion)
 - g. Title VI process and Continuity of Operations Plan (addressing ADA complaints and emergency operations)
 - h. Interlocal agreements and/or staff services agreements with one or more host agencies (if the MPO is not fully independent), and interlocal agreements to receive funding and provide planning services to any number of local governments in the region.

- G. Those planning products shall reflect the work of the individual MPOs currently in place but will need to be substantially revised and restructured to reflect the new planning boundaries of the MPO as a truly regional entity covering the tri-county urban area.

- H. The MPOs in their current formation have demonstrated competent leadership and effectiveness in planning for countywide and local transportation needs and priorities in their respective planning areas, building trust and collaborative partnerships with local community stakeholders and land use planning agencies that will need to be sustained with the formation of a regional MPO. Therefore, the regional MPO will consider staff services agreements with the planning agency in each county to support outreach and engagement as well as coordination on land use, transportation operations and safety.

- I. As each existing MPO is currently hosted by another agency, the impacts to those agencies and their staffs should be considered; the interlocal agreements with those organizations will need to be updated. Those existing host agencies may present an opportunity for continuing long range transportation planning at a county or jurisdictional level.

- J. There will be substantial start-up costs to form a regional MPO based on case study examples elsewhere in the United States requiring funding to hire staff, secure office space, purchase equipment and produce necessary planning products and administrative documents.

- K. A regional MPO will need a recurring local funding source from member agencies or the host local government to develop a budget pay for staff salaries, planning activities, facilities and other related administration costs to augment federal and state funds that are paid on a quarterly reimbursement.

- L. To retain and continue to attract quality staff for transportation planning through what may be a multi-year transition period, existing staff at the time of formation of a regional MPO will be offered positions with the new MPO and with their county governments/planning agencies.

ARTICLE 3. TERM

The term of this MOU shall commence on the date the last signature is obtained (“Effective Date”) and shall continue in effect until one or more parties terminates the MOU or a new MPO interlocal agreement is in place.

ARTICLE 4. TERMINATION

This MOU may be terminated upon written agreement by the Parties with a 30-day notice.

ARTICLE 5. AMENDMENTS

This MOU may be amended, in writing, at any time if the Parties agree.

ARTICLE 6. NOTICES

If to Hillsborough TPO:

Beth Alden
601 E Kennedy Blvd, 18th Floor
Tampa, FL 33602

If to Pasco TPO:

Carl Mikyska
8731 Citizens Drive, Suite 360
New Port Richey, FL 34654

If to Forward Pinellas:

Whit Blanton
310 Court Street, 2nd Floor
Clearwater, FL 33756

ARTICLE 7. GOVERNING LAW, JURISDICTION AND VENUE

This MOU shall be governed by the laws of the State of Florida. Any action filed regarding this MOU shall be filed in the county of one of the Parties, or if in Federal Court, the Middle District of Florida, Tampa Division.

IN WITNESS WHEREOF AND AS APPROVED BY EACH MPO on the date shown below:

HILLSBOROUGH TRANSPORTATION PLANNING ORGANIZATION

Timeline for Executive Recruitment

Now-March 7

Draft timeline, job description, determine salary range, & create list of places to advertise.

March 8

HR Manager presents timeline & job description at the regular meeting of the TPO Policy Committee, for review and recommendation to TPO Board. TPO Board approval is sought, and an odd number of volunteers solicited to serve with the Policy Committee as the semifinalist interview panel.

March 13-May 12

Staff advertises the opening for up to two 30-day periods, accepts resumes, prepares and distributes a brochure, and places ads in social media and with professional associations. Placeholder dates are scheduled for the semifinalist interviews.

May 15-19

HR Manager reviews resumes against qualifications & conducts brief phone conversations to confirm receipt of applications.

May 22

Qualifying resumes are distributed to all TPO Board members, grouped into whether they meet the minimum or preferred qualifications, along with a survey for the members to rate the candidates. The survey questions are based on the position description.

June 9

Deadline for TPO Board members to return surveys rating the candidates, to the HR Manager.

June 14

HR Manager presents survey results at TPO Board meeting and recommends 4-6 semi-finalists to be interviewed, based on the survey. TPO Board is asked to approve the list of semi-finalists.

June 19-June 23

HR Manager circulates a draft list of interview questions to the panelists and solicits suggestions to be sent individually. At the week's end, HR Manager compiles the suggestions and sends a consolidated list of questions to the panel.

June 26-June 30 and July 10-July 28

Semifinalist interviews are conducted virtually, during new, specially scheduled virtual meetings of the Policy Committee on two days. These are advertised as workshops with no action and will take 4-6 hours all together. They will begin with the HR Manager reading the questions agreed on in advance by the interview panel but leave room for panelist follow-up questions.

August 9

The Policy Committee meets at its regular time to discuss the interviews, making a recommendation to the TPO Board of 2-3 finalists to interview in person. Any other members of the interview panel are asked to attend and participate in the committee discussion. Selection of the finalists is made by the TPO Board following a report from the Policy Committee Chair.

August 10-August 25

Travel arrangements are made as needed. Background and social media checks are conducted.

September 12

Finalists tour office.

September 13

TPO Board interviews finalists, votes on a ranking, and authorizes Chair and/or Vice Chair to negotiate salary, start date and provide direction for the Planning Commission Executive Director to administer the hiring action.

Mid-late October

Candidate's start date.

November 3

Beth retires.

MPOAC Weekend Institute 2023

The Institute will enhance MPO Board Members understanding of the transportation planning and decision-making process.

The Institute will cover the following topics:

- MPO Board Responsibilities and Authority
- MPO Products and Processes
- Overview of Funding for MPOs

Please coordinate with your colleagues and staff director to determine which MPO board members will attend each MPOAC Institute.

Space is limited. Florida MPOs may send up to two board members, one to each event.

The Weekend Institute will be offered twice in the Spring 2023:

PICK A PLACE AND SAVE THE DATE

April 14 & 15, 2023

The Florida Hotel & Conference Center
in Orlando

May 5 & 6, 2023

The Tampa Airport Marriott

Additional details, including hotel reservations, will be provided in early March to those that are RSVP'd.

A third session will be offered in the Panhandle in the Fall of 2023. Additional details are forthcoming.

To reserve your seat for the Spring sessions, please fill out the form available at the following link and QR Code:

TERMS

Applicant is any person, group, railroad, governmental entity or neighborhood association.

Application is a Railroad Grade Crossing Application Form 725-090-66 to open or close a public at-grade crossing.

Public railroad-highway grade crossing is a location at which a railroad track is crossed at grade by a public road.

Stipulation of Parties is a voluntary agreement between FDOT, a railroad, a governmental entity and other parties. The stipulation establishes the responsibilities and actions of each party and permits the opening or closure.

Notice of Intent is FDOT's recommendation to permit or deny the applicant's request. It is based upon an analysis of the request and Rule 14-57.012, Florida Administrative Code criteria, impacts and relevant facts.

Administrative Hearing is a hearing based on Section 120, Florida Statutes, in which an administrative law judge hears testimony and argument on all issues involved.

Recommended Order is entered by the administrative law judge, following the hearing, which supports or denies the opening or closure.

Final Order is issued by the FDOT Secretary. It may be an adoption of the Recommended Order or may overrule the order, authorizing or denying the applicant's request.

Department-Owned Active Rail Corridor means a Department-owned lineal property acquired from a railroad that is operational for the use of rail transportation, such as the South Florida Rail Corridor (Tri-Rail) and the Central Florida Rail Corridor (SunRail). To enhance transportation facilities and services, and protect the safety of the traveling public, the Department prohibits all new at-grade rail crossings on Department-owned active rail corridors.

STAKEHOLDERS

- State Government Agencies
- City/County Planning Departments
- City/County Traffic Operations
- Municipal Planning Organizations
- Railroad Companies
- Neighborhood Organizations
- Industrial Parks
- Design Consultants and Developers

For more information on the FDOT Public Railroad-Highway Crossings Opening and Closure Program

**Florida Department of Transportation
Freight & Rail Office (FRO)**

Location: 605 Suwannee Street, Mail Station 25
Tallahassee, FL 32399-0450

Phone: 850-414-4528

Fax: 850-414-4508

Email: ocp@dot.state.fl.us

For applications:
www.fdot.gov/rail/programs/opening-closure

Florida Administrative Code (F.A.C.)
14-57.012
**FLORIDA
PUBLIC RAILROAD
CROSSINGS
OPENING & CLOSURE
PROGRAM**

The Florida Department of Transportation (FDOT) has regulatory authority over all public railroad-highway grade crossings in the state, including the authority to issue permits which shall be required prior to the opening and closing of such crossings.

(based on 335.141, Florida Statutes)

FACTS

Applications for a public rail grade crossing opening can only be submitted by:

- A government body entity that has jurisdiction over the public street or highway.
- Railroads operating trains through the crossing

Applications for a public rail grade crossing closure can only be submitted by:

- Jurisdictional governments
- Railroads
- Individuals or neighborhood organizations that may be impacted by the closure

In considering an application for a crossing permit, the following criteria will apply:

- Safety
- Necessity for rail and vehicle traffic
- Alternate routes
- Effect on rail operations and expenses
- Closure of one or more public railroad-highway crossing to offset opening a new crossing
- Design of the grade crossing and road approaches
- Presence of multiple tracks and their effect upon railroad and highway operations
- When the estimated highway traffic is 30,000 vehicles or more a day across main line tracks, an engineering and benefit-cost analysis must be performed by the applicant to determine if a grade separation is warranted

Costs:

The expense of crossing closures or openings will be the responsibility of the applicant, unless otherwise negotiated and accepted by all parties.

Rail Corridor Crossing Permits:

New rail corridor crossing permits for public or private roadways are prohibited on active rail corridors. The issuance of a rail corridor crossing permit on a Department-owned inactive rail corridor does not create a property right or vested interest in a rail corridor crossing and such permit is revocable in accordance with the provisions of Rule Chapter 14-57. Potential applicants are encouraged to contact the Department Central Rail Office to inquire as to the feasibility of a proposed rail corridor crossing before submitting an application.

STEPS After Submitting Application:

- 1** FDOT reviews the application to ensure that all necessary information is provided and the crossing is a public, at-grade rail crossing.
- 2** FDOT acknowledges receipt and seeks a response to the application from all affected parties.
- 3** If the application meets Rule 14-57.012, Florida Administrative Code criteria, and is agreed upon by all parties, FDOT will draft a Stipulation of Parties. This agreement outlines each party's responsibilities. The execution of the Stipulation of Parties serves as a Final Order and permit to open or close the crossing.
- 4** Following the execution of the Stipulation of Parties, a Crossing Inventory Form is submitted to the Federal Railroad Administration and crossing data is entered into the FDOT Railroad Highway Crossing Inventory.
- 5** If the parties cannot agree through a Stipulation of Parties, FDOT will issue a Notice of Intent to permit or deny the opening or closure of the crossing.
- 6** The Notice of Administrative Hearing Rights is submitted to all parties with the Notice of Intent, allowing 21 days in which to request an administrative hearing.
- 7** Acceptance of the Notice of Intent by all parties, or failure to file a request for a hearing in accordance with Chapter 120.57, Florida Statutes, by the petitioning party will result in the execution and distribution of a Final Order by FDOT.
- 8** If an administrative hearing is requested within 21 days, FDOT will refer the petition to the Division of Administrative Hearings for scheduling.
- 9** An Administrative Law Judge conducts a hearing and issues a Recommended Order.
- 10** A Final Order is then executed by the FDOT Secretary.
- 11** Following completion of the opening or closure, the Freight and Rail Office (FRO) will inspect the site for compliance with Department's standards.
- 12** Following project completion, a US DOT Crossing Inventory Form is created by the FRO and submitted to the Federal Railroad Administration. Crossing data is entered into the Department *RHCI by FRO and the District Rail Coordinator is notified of an update.

*Rail Highway Crossing Inventory (RHCI)

Subject: Legislative Bill Tracker

Good morning, MPOAC Governing Board members and Staff Directors. Attached is the latest Legislative Bill Tracker and Member Projects list. The highlighted bills are those that touch upon our business in some fashion and on which we focus our attention. The Senate and Appropriations bills were introduced and, for the Department of Transportation, both bills are very similar. The Senate bill, SB 2500, appropriates \$14.779 to FDOT. The House bill, APC1, appropriates \$14.792. Both are slightly more than the Governor's recommendation. The status of the Department's Transportation bill, SB 1250/HB1305, did not change this past week. Below is a summary of what is in the Department's bill this year.

- Adds rating agency services to the list of contractual services and commodities not subject to certain competitive solicitation requirements.
- Provides that the prohibition against use of bond proceeds for acquisition of any building or facility that will be, during the pendency of financing, used by, occupied by, leased to, or paid for by any state, county or municipal agency or entity does not prohibit the use of proceeds from Florida Development Finance Corporation private activity bonds to finance acquisition or construction of a transportation facility under a public-private partnership.
- Authorizes the Florida Development Finance Corporation to issue revenue bonds to finance the costs of acquisition or construction of a transportation facility by a private entity or a consortium of private entities under a specified public-private partnership.
- Authorizes the FDOT to fund up to 100 percent of project costs for eligible intermodal logistics center projects in rural areas of opportunity.
- Authorizes the FDOT, subject to availability of appropriate funds, and unless otherwise provided in the General Appropriations Act or the Implementing bill, to fund certain projects at a publicly owned, publicly operated airport located in a rural community which does not have any scheduled commercial service.
- Requires the FDOT's rules governing public airport site approval to include a requirement that an applicant provide a copy of a written memorandum of understanding or letter of agreement regarding air traffic pattern separation procedures between the parties representing a proposed airport and any existing airport or any approved airport site located within three miles of the proposed site, signed by each of the respective parties, but only if required by a final Federal Aviation Administration airspace determination letter or deemed necessary by the FDOT.
- Authorizes installation, as specified, of automated license plate recognition systems within the rights-of-way of the State Highway System at the discretion of the FDOT when installed at the request of a law enforcement agency for the purpose of collecting active criminal intelligence or investigative information.
- Authorizes the FDOT to purchase promotional items for the promotion of electric vehicle use and charging stations, autonomous vehicles, and context design for electric vehicles and autonomous vehicles.
- Authorizes the FDOT to expend funds, within its discretion, for training, testing, and licensing for full-time employees of the FDOT who are required to have a valid Class A or Class B commercial driver license as a condition of employment with the FDOT.
- Increases from \$250K to \$500K the cap on entering into contracts for construction and maintenance without advertising and receiving competitive bids for reasons of public concern, economy, improved operations, or safety, and only when circumstances dictate rapid completion of the work.

- Removes the expiration date of a provision allowing the chair and vice chair of the Legislative Budget Commission to authorize an FDOT work program amendment if the Commission does not meet or consider the amendment within 30 days after its submittal.
- Requires that public transit development plans of eligible providers of public transit block grants be consistent, to the maximum extent feasible, with the long-range transportation plans of the metropolitan planning organization in which the provider is located.
- Removes from annual public transit provider reports a requirement to specifically address potential enhancements to productivity and performance that would have the effect of increasing farebox recovery ratio; and requires each public transit provider to publish on its website, rather than in the local newspaper, the productivity and performance measures established for the year and a report on attainment of such measures.
- Repeals part IV of Chapter 348, F.S., relating to the creation and operation of the Santa Rosa Bay Bridge Authority; transfers governance and control of the Authority and its bridge system and any remaining assets and rights to the FDOT; authorizes the FDOT to assume legal liability for contractual obligations determined to be necessary and authorizes transfer of the bridge system to the Turnpike.

As far as member projects, the Senate is up to \$898.4 million. The House total is up to \$1.355 billion. There are 222 projects in the proposal. Last year member projects were funded with General Revenue. We'll have to wait towards the end of Session to see how, or if, they will be funded this year.

Draft legislation that would merge the three MPOs in the Tampa Bay area has not moved. It's too late in the process to propose a new bill, but the language could be tacked on to an existing bill. The word on the street is that the issue is on hold for this Session.

Please let me know if you have any questions.

972	02	Community Safety Corridor Extension - Gainesville	To provide a connector for two state roads (SR221/Williston Rd and SR121/SW 34th St) via extending SW 47th Avenue. This will result in decreased congestion and enhanced safety along two major state-owned highly utilized corridors situated in the region.	H0445	500,000	S2964	500,000	Hinson (D)	Perry (R)	ALACHUA	URBAN	N/A
1123	02	Celebration Pointe Trail Connection to Archer Braid	The requested funds will be used to construct an elevated multi-use trail and boardwalk connecting the Archer Braid Trail to Celebration Pointe region-serving sports events amenities in Alachua County, Florida.	H1786	2,500,000	S2443	2,500,000	Clemons (R)	Perry (R)	ALACHUA	URBAN	N/A
963	03	City of Callaway Roadway Repairs and Asphalt Paving	The funds requested will assist with the funding of the improvements of the damaged substandard roadways.	H0144	2,000,000	S2911	2,000,000	Griffitts (R)	Trumbull (R)	BAY	URBAN	2019 \$500K appropriated; 2020 \$1M appropriated; 2022 proposed
967	03	City of Lynn Haven Roadway Repairs	To repair degrading roadways and utilities under them in order to make them safer and more reliable.	H0286	2,000,000	S3087	2,000,000	Griffitts (R)	Trumbull (R)	BAY	URBAN	2019 \$1M appropriation; 2020 \$1M appropriation; 2022 \$1.5M appropriation
969	03	City of Mexico Beach - 15th Street Pedestrian Bridge	Safety; prevention of fatal and serious injuries involving pedestrians and bicyclists with vehicles; improvement of traffic flow. This bridge is shared by both vehicle, pedestrian, and bicycle traffic but is not wide enough for safe use at the same time; a primary route to and from the beach and commercial areas; and is on a curve creating limited line of sight and reaction time. Moving pedestrian and bicycle traffic to another crossing bridge is both the safest and most economical solution.	H0146	350,000	S2474	350,000	Griffitts (R)	Trumbull (R)	BAY	URBAN	2022 proposed; 2022 proposed
975	03	CR 2321 Widening Project Development and PD&E Feasibility Study	The PD&E study will assist in determining the location; conceptual design; and social, economic, and environmental effects of the widening of CR 2321 from a two lane facility to a four lane facility. During the PD&E, "Build" alternatives will be developed and evaluated based on safety measures, environmental and engineering analyses, and public input.	H0285	4,000,000	S2603	4,000,000	Griffitts (R)	Trumbull (R)	BAY	URBAN	N/A
948	05	City of Palm Bay - St. Johns Heritage Parkway Widening	The City is seeking state appropriations or grant support for the design and engineering for the four-lane widening of St. Johns Heritage Parkway (SJHP) from Malabar Road north to Emerson Road. The SJHP is two lanes from Malabar Road north to Emerson Road. The SJHP is not just an alternative corridor serving southwest Brevard County, but also serves as an emergency evacuation route. As growth and development surges in the area of SJHP at Malabar Road, the SJHP is nearing capacity and requires four-lane widening and other improvements. The design and engineering for the four-lane widening of SJHP from Malabar Road north to Emerson is estimated to \$3.3 million. The City is seeking state appropriations or grant support in the amount of \$2.3 million towards design and engineering. City Council has provided consensus to fund the remaining \$1 million by utilizing transportation impact fees from the 32907 and 32908 zip code, equally distributed, if state appropriations are received.	H0137	2,300,000	S1409	2,300,000	Fine (R)	Mayfield (R)	BREVARD	URBAN	N/A

951	04	Southwest Ranches Safety Guardrail - SW 127th Avenue	SW 127th Avenue connects to State Road 848 (Stirling Road). The use of the guardrail is intended to protect motorists by limiting their ability to fall into the adjacent drainage canal. There are no street lights and there is not enough room between the roadway and canal to provide a safe area that allows children to wait for their school buses. By installing guardrail, the State will be reducing a serious hazard, risk exposure, and liability.	H0141	400,000	S1073	400,000	Gottlieb (D)	Book (D)	BROWARD	URBAN	N/A (multiple similar projects in SW Ranches have been previously requested)
957	04	Barrier Island Hurricane Evacuation Route-Hollywood Boulevard Bifurcation and Extension	The requested funds will be used for infrastructure improvements on Evacuation Route State Road 820 in Broward County (Hollywood) at the intersection of Hollywood Boulevard and 17th Avenue. The City and County are partnering with private entities to making the evacuation route smoother and reduce obstacles to traffic flow. These improvements include public and private utility relocation and roadway reconfiguration at the noted intersection.	H0254	4,399,573	S1699	4,399,573	LaMarca (R)	Hooper (R)	BROWARD	URBAN	N/A
973	04	Cooper City Hiatus Road Traffic Safety Improvement	The intersection of Hiatus Road and NE Lakes Boulevard is located midway on a two-lane municipal major collector road. Approximately 15,000 trips/day engage this intersection. Excessive speeding and poor peak operational level of service put lives at risk and other adverse impacts. The goal is to place a roundabout at this location to slow vehicle speeds, improve multimodal safety, create efficient traffic flow, reduce pollution and fuel use, and save maintenance costs.		0	S1080	370,000		Book (D)	BROWARD	URBAN	N/A
985	04	Johnson Street C-10 Canal Bridge Widening	The goal of this project is to widen the existing bridge so that it will safely accommodate the growing needs of the community and all modes of transportation and provide improved access to the regional hospital and the completion of the Johnson Street Complete Street Project currently listed in the TIP. Once the bridge is widened, the Johnson Street Complete Street Project can safely be finalized without creating a dangerous bottleneck for different modes of transportation at this location.	H0426	950,000	S2863	950,000	Woodson (D)	Pizzo (D)	BROWARD	URBAN	N/A
995	04	Pompano Beach Riverside Safety and Resilience Project	Completion of plan to address safety and environmental resilience. Creating sidewalks to provide safe passage for children, handicapped and elderly residents, improve lighting for public safety, road alignment for traffic flow and speed calming, and connectivity for 40,000 people; address drainage on roadway and flood prone neighborhoods caused by sea level rise and King Tides, and create evacuation route access.	H0350	950,000	S1775/S2681	950,000	LaMarca (R)	Jones/Polsky (D)	BROWARD	URBAN	2019 proposed,2020 proposed, 2021 proposed; 2022 approved for Local Support Grant

1122	02	Transportation Independence for Veterans	The Patriot Services Group provides housing, transportation, and supportive services to at-risk veterans to achieve self-sufficiency. The funds will be used to support the Patriot Transportation Initiative to provide on demand transportation to connect formerly homeless veterans to employment, healthcare, and education services, in addition to fundamental needs such as food and clothing.	H1767	150,000	S2969	150,000	Barnaby (R)	Bradley (R)	DUVAL	URBAN	N/A
1024	03	Pensacola Beach Northern Gateway - Design	Design funding is sought for a new gateway structure with an electronic toll system, new landscaping, and pavement improvements at the south end of the Bob Sikes Bridge. The existing toll booth facility visually cues motorists to stop in spite of the signage to the contrary increasing traffic congestion. These changes will keep the motoring public moving efficiently onto the island while collecting the toll and providing an aesthetic greeting to keep tourism thriving on Pensacola Beach.	H0764	200,000	S1398	200,000	Chaney (R)	Broxson (R)	ESCAMBIA	URBAN	2022 proposed Local Support Grant
1033	03	Pensacola Shipyard Working Waterfront Accessibility and Drainage Improvements	For development of conceptual and design plans for construction of a roadway along Bayou Chico. These properties operate as a working waterfront that serves several industries within the City of Pensacola. Improvements to the drainage infrastructure would mitigate stormwater flows and reduce sediments discharging into Bayou Chico.	H0860	1,000,000		0	Chaney (R)		ESCAMBIA	URBAN	N/A
1091	03	Town of Century - Freedom Road Bridge Replacement	The project includes replacement of a failing bridge along Freedom Road, within the Town limits, including all engineering design, permitting, and construction required for the project. The replacement of the bridge will re-open Freedom Road to traffic from Jefferson Ave., improving access for emergency personnel and Town residents.	H1981	1,297,000	S1397	1,297,000	Salzman (R)	Broxson (R)	ESCAMBIA	URBAN	N/A
1027	05	Old Kings Road South Phase 2 Design Plans	Intersecting link of Town Center Parkway (from Royal Palms Parkway to Old Kings Road). The project will include over 4 miles of pedestrian/bicycle path added to Old Kings Road to improve safety; a design solution to harden the west side of Palm Coast to hurricane flooding; a solution to enhance the State's Lehigh Trail pedestrian path. See also Proj ID #1077 and 1078	H0795	500,000	S2456	500,000	Tramont (R)	Hutson (R)	FLAGLER	RURAL	2022 proposed
1077	05	Old Kings Road Widening Phase 2	The requested funds will improve capacity of Old Kings Road from a 2-lane to 4-lane roadway with turn lanes at appropriate intersections. In addition to the capacity improvements for motor vehicles, the project will include safety improvements for bicyclists and pedestrians (sidewalks and streetlights), aesthetic improvements for the community (landscaping), and improved air and water quality, respectively, through reduction in congestion and treatment of stormwater runoff. See also Project ID #1027 and 1078	H1241	18,380,000	S2781	18,380,000	Altman (R)	Hutson (R)	FLAGLER	RURAL	2022 proposed

1080	03	Veterans Memorial Railroad	Repair or Replace unserviceable train trestle for the Veteran's Memorial RailRoad.	H1256	300,000	S3232	300,000	Rudman (R)	Simon (R)	LIBERTY	RURAL	2019 \$75K approp in DEO
1137	03	Bristol State Road 20 Complete Streets	The City of Bristol is seeking funding to provide curb reconstruction and multi-use sidewalks to the downtown State Road 20 corridor through Bristol to enhance the City and promote economic growth. Therefore, the city has developed a plan for revitalizing the downtown area. The City currently has funding through the CDBG-DR Hometown Revitalization grant for new welcome signs, sidewalk repairs, dilapidated property acquisition, lighting improvements and sidewalk repair. Reconstructing the SR 20 curb and providing the adequate room for wider sidewalks, landscaping and benches would be a tremendous boost to the City of Bristol. The current look and esthetic of downtown is not welcoming to new businesses wanting to open or relocate.		0	S3015	2,500,000		Simon (R)	LIBERTY	RURAL	N/a
953	01	City of Anna Maria Reimagining Pine Avenue - Phase 2	The goal of funding is to improve safety and accessibility along the city's main artery for the key stakeholders - residents, businesses, and visitors - while addressing the impact of seasonal traffic. The project will make the city's main street corridor more user-friendly by addressing safety concerns, access issues, and aesthetic deficiencies resulting from the currently antiquated infrastructure along the street that doesn't account for increased tourism.	H0291	1,410,000	S1035	1,410,000	Robinson, W. (R)	Boyd (R)	MANATEE	URBAN	2022 Phase 1 \$1.3M approp
954	01	44th Ave East Extension	Manatee County intends to complete a continuous route from the County's gulf coast to East Manatee County. This project is the final connection over I-75 that will allow 44th Avenue to function as a four-lane, parallel reliever for State Roads 64 and 70. The completed thoroughfare is expected to support anticipated growth and capacity needs to help maintain the County's adopted levels of service by alleviating demand on these State facilities. This project is part of the County's 2045 Future Traffic Circulation Plan and will include divided roadway with sidewalks, bike lanes/multi-use path, street lighting, and the overpass over I-75 connecting to Lakewood Ranch Blvd. The County has prior and programmed funds of about \$33.5 million for this project but faces escalating costs approaching \$75 million due to inflation and global supply chain pressures. The funding request is to provide financial support to the project's costs that will help keep this vital capacity project on schedule.	H0589	10,000,000	S1045	10,000,000	Robinson, W. (R)	Boyd (R)	MANATEE	URBAN	2019 \$10M approp; 2020 \$10M approp

978	01	Fort Hamer Bridge Design and Permitting - Manatee County	Design and permitting funding support for the second Fort Hamer two-lane bridge. The second bridge, which would be parallel to the existing bridge will double the capacity of this essential North-South thoroughfare. This corridor plays an ever-increasing role as a parallel reliever for I-75 and provides regional connections among Manatee, Sarasota, and Hillsborough Counties.	H1278	3,000,000	S1047	3,000,000	Gregory (R)	Boyd (R)	MANATEE	URBAN	N/A
979	01	Fort Hamer Road 4-Lane Design - Manatee County	Funding support for the design of Fort Hamer Road from two-lanes to four-lanes. Fort Hamer is a primary reliever for I-75 congestion and incident management. The project includes two segments. The first is Fort Hamer Road from the Manatee River to U.S. 301; this project is reconstruction and widening 3.0 miles of existing two-lane road to four-lanes. The second extends from U.S. 301 to Moccasin Wallow Road. This 2.0-mile section was constructed as a two-lane road but designed and prepared for four lanes. The second project is for the additional two lanes on this 2.0-mile section.	H1275	4,000,000	S1046	4,000,000	Gregory (R)	Boyd (R)	MANATEE	URBAN	N/A
1004	01	Manatee County - 51st Street West Extension	Construction of the first two lanes of the ultimate four-lane roadway extension of 51st Street West from 53rd Avenue West to El Conquistador Parkway.	H0588	10,000,000	S1197	10,000,000	Robinson, W. (R)	Boyd (R)	MANATEE	URBAN	N/A
1069	01	Manatee County Area Transit (MCAT) Route 99 Operation Enhancements	Improvements to Manatee County Area Transit Route 99 operations to support transportation alternatives as part of the County's plans to incentivize redevelopment of urban corridors with transit supportive land use mixes, densities, and intensities. The goal of the improvements it's to decrease headway time from 30 minutes to 15 minutes in the Route 99's corridor that connects downtown Bradenton with downtown Sarasota.	H1557	1,100,000	S1250	1,100,000	Robinson, W. (R)	Boyd (R)	MANATEE	URBAN	N/A
1070	01	Manatee County - Moccasin Wallow Road Expansion - Segment 3	The purpose of the requested funds is to provide financial support for the Moccasin Wallow Road-Segment #3 project's construction phase. The project will widen the existing road from two-lanes to four-lanes for about 1.7 miles from Sawgrass Road to Buffalo Road (near I-75). The improvements will alleviate traffic congestion, support anticipated growth, promote economic development, improve user safety, increase road capacity, and provide multi-modal connectivity.	H1274	8,000,000	S2860	8,000,000	Gregory (R)	Boyd (R)	MANATEE	URBAN	2020 \$3.6M appropriated; 2021 \$3.6M appropriated; 2022 \$7.5M approp
1103	01	Manatee County Area Transit Fare Free Pilot Program	A pilot program to provide free fares for fixed routes within Manatee County's public transportation system. The program was created to promote transit usage to afford greater accessibility and mobility for the public, relieve increasing traffic congestion, to support fuel-efficient transportation, and to enhance to economic development of the County. 950	05	Marion County Roadway Improvements - NW 80th Avenue	The Marion County Board of County Commissioners is actively building parallel and alternative corridors to I-75 and other state roads in the area. The funds requested will be used for road and utility design of a 3.7-mile portion of NW 80th Ave between SR 40 through US 27, which is one section of the 13.6 mile SW/NW 80th/70th Avenue/49th Street corridor project with a total expected cost of \$140,000,000. In addition, the county has invested \$749,604 for the preliminary engineering report and project development and \$12.1 million for right of way acquisition and design. Further, the county is programmed for \$23 million and is spending \$6.5 million for the intersection of NW 80th Ave & US 27. This project will help with traffic congestion on I-75 and around the World Equestrian Center (WEC).	H0139	3,400,000	S2621	3,400,000	McClain (R)	Perry (R)	MARION	URBAN	N/A
1145	05	Marion County Roadway Improvements - SW 80th Avenue	The funds requested will be used for road and utility project design on a 2-mile portion of SW 80th Ave from north of SW 38th St through SR 40 with the goal of reducing traffic congestion on I-75 in Marion County as well as congestion from those entering/exiting the Florida Aquatic Swimming and Training (FAST) facility. This is one segment of an overall project that has a cost of \$140,000,000.	H2251	2,000,000	S2620	2,000,000	Payne (R)	Perry (R)	MARION	URBAN	N/A
999	04	SW Lincoln Street Roadway and Drainage Reconstruction	This project is intended to replace a failed roadway and eliminate an unsafe drainage ditch next to the road. It will also increase vehicular safety by providing a paved roadway and update drainage to eliminate the ditch. The Village of Indiantown is less than 5 years old and is addressing infrastructure needs.	H0290	550,000	S2061	550,000	Snyder (R)	Harrell (R)	MARTIN	URBAN	2022 Vetoed
1019	04	South County Line Road Bridge Replacement	The existing bridge is structurally deficient and functionally obsolete. The new bridge, roadway design and bike lane will: allow for safer navigation of vehicular and pedestrian traffic; provide a higher load rating and increased commercial access; incorporate innovate corrosion-inhibiting construction materials for increased life span; will be raised in elevation improving resiliency to rising sea levels; and will increase mobility, economic competitiveness and quality of life in the region. 965	03	City of Fort Walton Beach Coral Creek Nature Trail	Funding would be used for design, engineering, and permitting of complete nature trail around Coral Creek in the City of Fort Walton Beach. Proposed enhancements would include pedestrian and bike access, landscaping, lighting and environmental education.	H0311	300,000	S2595	300,000	Maney (R)	Trumbull (R)	OKALOOSA	URBAN	N/A
980	03	Fort Walton Beach - Northwest Neighborhood Traffic Analysis	Funding used to conduct a comprehensive traffic analysis of the City's Northwest Neighborhood to determine recommendations on existing traffic related concerns on a broad regional basis. This will assist with alleviating traffic issues, improving hurricane evacuation routes out of south Okaloosa County and allowing for better access to local schools.	H0253	50,000		0	Maney (R)		OKALOOSA	URBAN	N/A
981	03	Fort Walton Beach Hill Avenue and Anchors Street Complete Street Project Design	Funding would be used for design, engineering, and permitting of complete streets projects for Hill Avenue, a north-south, two-lane road that is approximately 3,800 linear feet, and Anchors Street, an east-west, two-lane road that is approximately 4,700 linear feet, as identified in the City's Commerce & Technology Park Master Plan. Proposed enhancements would include sidewalks, bike lanes, landscaping, and pedestrian crossings.	H0251	187,500	S2599	187,500	Maney (R)	Trumbull (R)	OKALOOSA	URBAN	2022 vetoed
993	03	Okaloosa County - Santa Rosa Boulevard Improvements Phase 1	The corridor improvement concept will spur investment and redevelopment of the commercial area, a multiuse path for pedestrians and bicycles, and large swales for stormwater control. It also eliminates a safety problem of vehicles speeding down the existing 4-lane roadway that bluntly terminates into concrete barricades on Air Force property. Okaloosa County is seeking a state appropriation of \$2 Million dollars to construct Phase 1, the easternmost portion of the corridor.	H0435	2,000,000	S2575	2,000,000	Maney (R)	Trumbull (R)	OKALOOSA	URBAN	2022 proposed
1073	03	Okaloosa County - West Highway 98 Collector Road	The proposed project consists of constructing an approximate 3-mile roadway that runs parallel to Highway 98, west of Hurlburt Field and north of Florosa Elementary and the Florosa Fire Station, to assist with traffic congestion on Highway 98. The purpose and goal is to improve the level of service on US 98 that can handle local trips and turning traffic. The funds requested would provide an environmental assessment of the Collector Road.	H1215	375,000	S2592	375,000	Rudman (R)	Trumbull (R)	OKALOOSA	URBAN	N/A
1083	03	Millside Road Improvements - Okaloosa	To improve an unpaved connector between State Road 85 and CR Hwy 2 in Laurel Hill, utilized by local residents, agricultural and silvicultural vehicles with potential for increased traffic volume. Millside Road scored near the top of Okaloosa County's "Dirt to Pave" matrix and was listed among impaired sites in the Yellow River Watershed in Alabama and Florida, in a 2010 FWC Report. Improvements include paving and establishing ROW for 3 miles between SR 85 and Steel Mill Creek Road.	H1209	1,500,000	S2914	1,500,000	Rudman (R)	Trumbull (R)	OKALOOSA	URBAN	N/A

997	07	Town of Redington Beach Road Resurfacing Project	Since the Town's roads apart from Gulf Blvd. have not been repaved for many years, and since the Town has a limited budget and has been focusing substantial resources on repairing, maintaining and upgrading its storm water system, many portions of the Town's roads have reached the end of their useful life. The requested funding would allow the Town to have that infrastructure need addressed for many years to come. Specifically, in 2021, the Town approved spending over \$600,000 of Town funds to repair, enhance and improve its storm water pipes, outfalls and related infrastructure to ensure salt water does not intrude back onto the Town's roads and properties. However, many residential roads in the Town have suffered deterioration due to long term standing water and a rising water table. Now that the Town's storm water system is improved up to the roads, new roads are the final step to a seamless storm water management system.	H0195	750,000	S2935	1,500,000	Chaney (R)	DiCeglie (R)	PINELLAS	URBAN	2022 vetoed

1051	07	Pinellas Park Pinebrook Safety Project	Pinebrook Park is the only large, active recreational facility within a radius of several miles and this project will provide safer accessibility for thousands of county residents. The primary purpose of the proposed improvements is to make street layout changes that will eliminate right of way parking and improve safe access to recreational opportunities for several communities surrounding the Pinebrook neighborhood. The improvements create safe traffic flow, improvements to increase pedestrian safety, and additional parking spaces that will eliminate right of way parking. The proposed project includes removing existing fencing, tennis courts, and concrete walks in order to improve street layout design and increase parking lot spaces; installation of new curbs, fencing, tennis courts, pedestrian gate, landscaping, and a stop sign that will provide pedestrians, bicyclists, and persons using assisted mobility equipment safer access to Pinebrook Park and its amenities. 986	01	Kathleen Road Widening and Extension	A PD&E Study to determine the alignment and cost of this project. Due to congestion on U.S. Hwy 98 and increasing development in the north Lakeland/Kathleen area, Polk County needs a parallel roadway to U.S. Hwy 98 to move traffic north and south. This is needed to reduce congestion on U.S. Hwy 27 caused by increasing development east and west of U.S. Hwy 27. The need for another alternative roadway to move north and south parallel to Hwy 27 is needed. This will reduce congestion on an already failing roadway. The State would receive a substantial benefit from the widening and extension of this roadway west of the existing highway. Polk County is already planning to make investments in road improvement on Powerline Road north of this proposed extension in conjunction with development along this corridor. The proposed new alignment for the extension of Powerline Road is south from Hinson Avenue in Haines City to Scenic Highway 17 in Dundee. This is anticipated to be a three-lane road with future expansion to five lanes.	H0277	5,000,000	S1255	5,000,000	Tomkow (R)	Burton (R)	POLK	URBAN	N/A
996	01	Powerline Road South Extension Polk County	A PD&E Study to determine the alignment and cost of this project. Due to congestion on U.S. Hwy 27 from increasing development east and west of U.S. Hwy 27, the need for another alternative roadway to move north and south parallel to Hwy 27 is needed. This will reduce congestion on an already failing roadway. The State would receive a substantial benefit from the widening and extension of this roadway west of the existing highway. Polk County is already planning to make investments in road improvement on Powerline Road north of this proposed extension in conjunction with development along this corridor. The proposed new alignment for the extension of Powerline Road is south from Hinson Avenue in Haines City to Scenic Highway 17 in Dundee. To Whom It May Concern:

On behalf of the Hillsborough TPO, I am pleased to support Port Tampa Bay's **Southbay Road and Utilities** project in Hillsborough County, Florida, as a Community Funding project (under the PIDP or Port Infrastructure Development category).

The Southbay project is an expansion of Port Redwing, Port Tampa Bay's newest terminal, the area around which is building out quickly. Southbay is the second phase, the upland area, suitable for large footprint manufacturing, DCs and transload operations, and other ancillary industries. Port Tampa Bay intends to construct, on its property, a 3,300-linear-foot two-lane roadway and utilities including water, storm and sanitary, lighting, power, fencing.

The current market for port-adjacent warehousing is strong, and this \$6 million project will leverage private investment. When Southbay is fully built out, it is expected to generate in excess of 876 permanent well-paying jobs, with total earnings of more than \$55 million. About 293 will be jobs directly related to port businesses. The project is in and will support a census tract that is an area of persistent poverty. Each year, business services revenue will exceed \$58 million, \$32.8 million of local purchases will be made, and almost \$5.5 million in local and state taxes are forecast to be paid.

Port Tampa Bay is Florida's largest port in tonnage and area, and its location right next to one of the fastest growing populations in the US, Tampa Bay, makes its expansion doubly important. Using a port as close as possible to the cargo origin or destination helps reduce truck miles on Florida's overburdened highways, versus using a more distant port. As a result, this project contributes to a better environment. **Fewer truck miles travelled will cut emissions, enhance roadway safety, and enhance economic benefits.** This benefits the Tampa Bay region, the state and the nation.

Further, Port Tampa Bay is an economic engine of this region, and is an anchor of the Central Florida Mega-region's cluster of logistics-led businesses along the I-4 corridor - comprising 200 square miles of such businesses. **Our TPO's Hillsborough + Polk Freight Logistics Zone Strategic Plan documents the significance of this business cluster to the state's economy as well as to our residents' access to living-wage jobs.** Thus, strategic investments in transportation facilities supporting Port Tampa Bay will have broad and far-reaching benefits for prosperity.

Thank you for your favorable consideration of Port Tampa Bay's Southbay project.

Sincerely,

Beth Alden, Executive Director

RE: Update on Vacant Structures Owned by FDOT in VM Ybor

As a continuing effort to keep our partners apprised of property management and acquisition activities undertaken by the Florida Department of Transportation (FDOT), I am providing an update on FDOT-owned vacant structures in the vicinity of the VM Ybor neighborhood. The FDOT has had contracts to sell/relocate two vacant structures several times over the past few years. In October 2022, a contract was awarded for the relocation of 1306 E. 14th Avenue. 2506 N Avenida Republica de Cuba (14th Street) was sold in December 2022.

As a part of the Downtown Tampa Interchange (I-275/I-4) Safety and Operational Improvements, the six parcels required in VM Ybor have been acquired by FDOT. Below is an update on each parcel:

914 East 14th Avenue – The structure was advertised for sale and relocation in September 2022. No bids were received. The historic structure was documented, and historic materials salvaged. There was a fire to the structure on March 4, 2023 that caused substantial damage. Demolition will begin today.

702 East Columbus Drive – The structure was advertised for sale and relocation in October 2022. No bids were received. Documentation was completed, historic materials salvaged and asbestos was removed. We anticipate demolition to begin the week of March 27, 2023.

1005 East 14th Avenue, 1011 East 14th Avenue, 1013 East 14th Avenue, and 2502 North 12th Street – All four of these structures are in final stages of their historic documentation and were advertised for sale and relocation beginning March 1, 2023. A mandatory pre-bid was held on March 15, 2023. There were no bids received on March 22, 2023. Demolition of these four structures is anticipated to occur within the year following standard documentation procedures.

I will continue to update you on project activities and progress. As always, I am happy to discuss this or other transportation-related matters. I can be reached at: justin.hall@dot.state.fl.us or 813-975-6427.

Sincerely,

Justin Hall
Director of Transportation Development
FDOT District 7
